Agreement

#### **SUMMARY**

The attached "Fifth Amendment to Employment Agreement" was drafted by legal counsel and is herein presented for discussion and consideration by the Board of Directors as part of a regularly scheduled open meeting agenda.

The Amendment extends the existing employment terms until February 1, 2026 to give the Board of Directors more time to consider "succession planning" options since the plan initiated in 2020 was not successful for the Agency. The Amendment would further authorize a performance based merit increase (not Cost-of-Living Adjustment) of approximately 7% to the General Managers salary effective thereafter, noting the General Manager has not received such adjustment since July 2, 2022 (> 3 calendar years).

#### RECOMMENDATION

The Agency shall promptly reimburse General Manager for all other reasonable business expenses incurred by General Manager in conjunction with Agency business. Each such expenditure, however, shall be reimbursable only if General Manager furnishes to the Agency in a timely manner adequate records and other documentary evidence required by federal and state statutes and regulations issued by the appropriate taxing authorities for the substantiation of such expenditures.

# 8.0 <u>CONDITIONS FOR TERMINATION OF AGREEMENT.</u>

- 8.1 <u>Death or Incapacity of General Manager.</u> This Agreement shall terminate on the death or disability of General Manager as set forth herein section 9.

General Manager shall be entitled to compensation and benefits to the effective date of termination, but shall not be entitled to any additional compensation or benefits thereafter.
- 8.3 By Agency With Cause. The Agency may by majority vote of the membership of the Board of Directors terminate this agreement for cause at any time. For the purposes of this agreement, "cause" for termination shall be defined as: (1) failure to follow the clear direction of the Board of Directors given in a duly noticed meeting and/or flagrant or repeated neglect of duties, after General Manager has been notified in writing of such failure to follow and/or neglect and provided thirty (30) days to correct the deficiencies; (2) willful misappropriation of public property; (3) willful and substantial violation of law related to the performance of the General Manager's duties; or (4) willful falsification of a relevant official statement or document.
- 8.4 Notice of such proposed discharge by the Agency for cause shall be given in writing to General Manager along with a detailed statement of charges and copies of the materials upon which the proposed action is based. General Manager shall be entitled to a hearing before the Board of Director's at least two (2) weeks from the date of receipt of written notice of the proposed discharge, however, such a hearing shall not be held on weekends or federal or state holidays. Reasonable time shall be permitted for General Manager to prepare for the hearing. General Manager hereby elects for such hearing, should a hearing become necessary under this provision, to be conducted in closed session, unless specifically prohibited by state law or a public hearing is requested by General Manager. Any decision by the Agency shall be in writing and shall be served upon General Manager.

If the Agency terminates General Manager with cause as set forth in this provision, the Agency shall not be required to make the severance payment provided for in this Agreement, but must provide termination benefits as set forth in the Employee Handbook.

8.5 By Agency Not For Cause. The Agency may by majority vote of the membership of the Board of Directors terminate General Manager's employment at any time without cause immediately upon written notice to General Manager and payment to General Manager, in addition to any other amounts that may therein be due pursuant to this Agreement and Agency policies including those set forth in the Employee Handbook, the following amount: (i) if the remaining term of employment of General Manager under this Agreement is six months or less, a lump sum payment in an amount equal to one twelfth of her then-current annual base salary times the number of months in the remaining term of this Agreement; or (ii) if the remaining term of employment of General Manager under this Agreement is more than six months, a monthly payment of one-

twelfth of her then-current annual base salary, paid until General Manager secures and commences other full-time employment or the expiration of her term of employment, whichever occurs first, but in no case more than the remaining term of the Agreement or eighteen (18) months, whichever is less.

8.6 <u>Termination Without Cause in the 180 Days Following an Election</u>. Following an election of the Board of Directors regardless of whether new Directors are elected to represent the Agency, or when a new Board member is appointed, the Board may not terminate this Agreement except for cause for the 180 days following such election.

# 9.0 **DISABILITY.**

In the event General Manager becomes unable to perform her duties by reason of physical or mental illness or disability, General Manager shall be entitled to her full compensation for the period of four (4) months from and after the beginning of such disability and if, at the end of the four (4) months she is unable to resume and effectively discharge her duties hereunder, then and in such event, the Agency may terminate this Agreement, subject to applicable law and in accordance with the terms of the Employee Handbook.

# 10.0 AGENCY'S DUTY TO DEFEND, INDEMNIFY AND HOLD HARMLESS.

Recognizing that General Manager is entitled to perform her duties without fear of suit, and as a public employee is entitled to indemnification rights in accordance with Government Code Section 825. The Agency agrees to defend, indemnify and hold General Manager harmless against any tort, professional liability claim or demand or other legal action, whether groundless or otherwise, arising out of an alleged act or omission occurring in the course and scope of General Manager's employment or resulting from the exercise of judgment or discretion in connection with the course and scope of said duties or responsibilities, except as otherwise set forth herein. The Agency agrees to pay all reasonable litigation expenses of General Manager throughout the pendency of any litigation resulting from any such claim, action, suit or proceeding, actual or threatened, arising out of or continuing beyond General Manager's service to the Agency and shall extend until final determination of the legal action, including appeals. As a condition of the defense, General Manager shall reasonably cooperate in good faith in defense of the claim or action.

In this regard, the Agency shall indemnify General Manager against any and all losses, damages, judgments, interest, settlements, fines, court costs, and other reasonable costs and expenses of legal proceedings, including attorneys' fees and any other liabilities incurred by, imposed upon, or suffered by General Manager in connection with the performance of her duties. Any settlement of any claim must be made with the prior approval of the Agency in order for indemnification, as provided in this Section to be available. Notwithstanding the above, the Agency shall only indemnify General Manager for punitive or exemplary damages as authorized in Government Code Section 825, or its successor.

This section shall not apply to any intentional tort or crime committed by General Manager, to any action resulting from fraud, corruption or malice of General Manager, to

any action outside the course and scope of the services provided by General Manager under this Agreement, or any other intentional or malicious conduct or gross negligence of General Manager, and Agency hereby reserves its right to invoke this provision to terminate its duty to defend and indemnify General Manager if in the course of defending General Manager the Agency learns that General Manager acted with corruption, fraud or malice. The Agency may make this indemnity obligation conditional upon General Manager entering into a reservation of rights agreement. Further, this provision shall not apply to defense of criminal actions or proceedings unless the Agency finds: (i) the criminal action(s) or proceeding(s) brought on account of an act or omission in the scope of General Manager's employment as an employee of the Agency; and (ii) the Board of Directors determines that such defense would be in the best interests of the Agency and that General Manager acted, or failed to act, in good faith, without actual malice and in the apparent interests of the Agency as required by Government Code Section 995.8, or its successor.

# 11.0 ANNUAL REVIEW.

The Board of Directors shall conduct an annual evaluation of General Manager's performance, either by the full Board of Directors or by a committee thereof, at the first regularly scheduled meeting of the Board of Directors in April of each year that this Agreement is in effect. At a minimum, said evaluation shall consist of an oral conference with General Manager to review her performance in accordance with applicable law and requirements. Every year the Board of Directors and General Manager will, as part of the annual review process, set goals and objectives for the ensuing year.

# PAGE 26 of 89

- 12.4 <u>Severability.</u> If any provision of this Agreement is held invalid or unenforceable, the remainder of this Agreement shall nevertheless remain in full force and effect.
- 12.5 <u>Effect of Waiver</u>. The failure of either the Agency or General Manager to insist on strict compliance with any of the terms, covenants, or conditions of this Agreement by the other party shall not be deemed a waiver of that term, covenant, or condition, nor shall any waiver or relinquishment of any right or power at any one time or time be deemed a waiver or relinquishment of that right or power for all or any other times.
- 12.6 <u>Enforceability</u>. If any action at law or in equity is necessary to enforce or interpret the terms of this Agreement, the prevailing party in such action shall be entitled to reasonable attorneys' fees, cost, and necessary disbursement in addition to any other relief to which that party may be entitled. This provision shall be construed as applicable to the entire Agreement.

General Counsel of the Agency shall be available to consult with General Manager concerning the foregoing.
- 12.8 Affirmation and Ratification of Agreement. The Agency and General Manager each ratify and reaffirm each and every one of the respective rights and obligations arising under this Agreement, and both the Agency and General Manager represents and warrants to the other that the Agreement is currently an effective, valid and binding obligation. This Agreement shall not be construed against the party or its representatives who drafted it or who drafted any portion thereof.
- 12.10 <u>Assignment</u>. Neither this Agreement, nor any right, privilege, nor obligation of General Manager hereunder, shall be assigned or transferred by General Manager without the prior written consent of the Agency. Subject: Adopt Resolution No. 25R-XX Adopting an Increased Basic Facilities Charge (Water Capital

Fee) for Water Meters Size ¾-inch to 10-inch

#### **SUMMARY**

The Agency contracted with NBS Government Finance to complete a Capacity Fee Study Report with said final report received by the Board of Directors in February 2021. Thereafter, the Basic Facilities Charge (Water Capital Fee) proposed therein, based on meter size, was formally adopted via Resolution 21R-10 on May 11, 2021.

The adopted Capacity Fee Study Report outlines the procedure for annually increasing this fee as follows:

Annually, the Agency should review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation.

The adoption of a Basic Facilities Charge (Water Capital Fee) is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on September 30, 2025, posted and distributed via email, draft Resolution No. 25R-XX Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption.

Staff is recommending that the Resolution be adopted in accordance with the Table of Charges proposed.

#### RECOMMENDATION

That the Board consider taking the following action(s):

1. Adopt Resolution No. 25R-XX Modifying Basic Facilities Charge (Water Capital Fee) for Water Meter Size Ranges ¾-inch to 10-inch.

#### **BACKGROUND/ANALYSIS**

The Agency contracted with NBS Government Finance to complete a Capacity Fee Study Report. The final report was completed and received by the Board of Directors in February 2021. Thereafter, the Basic Facilities Charge (Water Capital Fee) proposed therein, based on meter size, was adopted by Resolution No 21R-10 on May 11, 2021. Prior to this study there was no fee set for meter sizes greater than 1-inch.

The adopted Capacity Fee Study Report outlines the procedure for annually increasing this fee as follows:

Annually, the Agency should review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation.

The Engineering News Record (ENR) provides the Construction Cost Indices changes per month over time. The Agency's consultant, NBS, informed staff that the annual review would be informed by the 5-year average for the month of August since that was the timeframe for the first annual adjustment in 2022. NBS calculated the new 5-year average for August to be 3.289% from the Indices published by ENR. Table 1 in the draft Resolution reflects this proposed increase across all meters size ranges.

The adoption of a Basic Facilities Charge (Water Capacity Fee) is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on September 29, 2025 posted and distributed via email, draft Resolution No. 25R-XX Modifying Basic Facilities Charge (Water Capital Fee) for Water Meters Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption.

Staff is recommending that the Board adopt Resolution No. 25R-XX Setting the Service Line Installation Fee for Water Meter Size Ranges from 3/4-inch to 10-inch.

## A RESOLUTION OF THE BOARD OF DIRECTORS OF THE BIGHORN-DESERT VIEW WATER AGENCY ADOPTING AN INCREASED BASIC FACILITIES CHARGE (WATER CAPITAL FEE) FOR WATER METER SIZES RANGING FROM 3/4-INCH TO 10-INCH

WHEREAS, Bighorn-Desert View Water Agency ("Agency") is required by law to fix and establish rates, fees and charges which will enable the Agency to cover its debt service payments, operate and maintain its water system, provide for repairs and depreciation, and a reasonable surplus for improvements; and

**WHEREAS,** under California Government Code Section 66000 et seq., the Agency is authorized to adopt water and sewer connection fees; and

WHEREAS, California Government Code Section 66013(a) states that "[n]otwithstanding any other provision of law, when a local agency imposes fees for water connections or sewer connections, or imposes capacity charges, those fees or charges shall not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed ..."; and

WHEREAS, new customers desiring to connect to the existing system should be responsible for paying an amount equivalent to their proportionate share of those existing water system facilities development costs which support and are necessary for the new customer to receive service; and

WHEREAS, on April 28, 2020 the Board of Directors authorized completion of a *Rate and Capacity Fee Study* by an outside financial consulting firm, NBS Government Finance, who has developed a long-term financial model for development of the Capacity Fee or Basic Facilities Charge for new water meters with sizes ranging from ¾-inch to 10-inch based on the value of existing assets and an assessment of future infrastructure needed for the entire distribution system; and

WHEREAS, The Agency determined to use an analysis based on the "Combination Approach"  $^{[1]}$  which requires new customers to pay their fair share of existing system assets and planned assets that have capacity to serve new customers. In their simplest form, capital impact fees are calculated by dividing the costs of infrastructure allocated to future development by the number of units of new development anticipated, further defined as follows:

#### PAGE 48 of 89

- The cost of existing assets and planned assets that have capacity to serve new development are those that can reasonably be allocated to future development.
- The number of new units (i.e., growth) are those units projected to occur within the timeframe covered by the capital impact fee analysis.
  - [1] Method of calculating capital impact fees (also known as System Development Fees, Connection Fees, Capacity Fees) are set forth in the American Water Works Association's *Principles of Water Rates, Fees and Charges* Seventh Edition (2017) pages 311 to 347.

WHEREAS, based on the Replacement Cost model calculations a Final Capacity Fee Study Report was presented to Finance Committee on November 19, 2020 and the full Board of Directors on January 12, 2021. The Final Capacity Fee Study was adopted by the Board of Directors on February 9, 2021.

WHEREAS, on November 14, 2023, Resolution 23R-18 establishing the new Water Capital Capacity Fees, based on meter size; and

WHEREAS, the Final Capacity Fee Study Report directs the Agency to "annually review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation"; and

WHEREAS, the current August annualized 5-year of 3.289% is considered the appropriate percentage to apply from the Engineering News Record's *Construction Cost Indices* and based on meter size is as shown in Table 1 are made part of this resolution:

## BIGHORN-DESERT VIEW WATER AGENCY AGENDA ITEM SUBMITTAL

Meeting Date: October 14, 2025

To: Board of Directors

Budgeted: Developer Paid Costs

**Budgeted Amount:** N/A **Cost:** TBD by Board Action

Funding Source: New Meter Sales
General Counsel Approval: Obtained

**CEQA Compliance: N/A** 

Subject: Adopt Resolution No. 25R-XX Setting the Service Line Installation Fee for Water Meter Size

Ranges from 3/4-inch to 10-inch.

#### **SUMMARY**

From: Marina West

Annually staff evaluates the estimated cost to install a service line and meter to a parcel. Due to the rapid rise in costs over the last 12-months, staff has calculated a Service Line Installation fee of \$3,040 and continues to recommend that requests for meters larger than 1-inch be charged based on the actual time and materials with a deposit charged at the time of application.

The adoption of a Service Line Installation fee is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on September 30, 2025, posted and distributed via email, draft Resolution No. 25R-XX Setting the Service Line Installation Fee for Water Meter Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption.

Staff is recommending that the Board of Directors` adopt Resolution No. 25R-XX Setting the Service Line Installation Fee for Water Meter Size Ranges from 3/4-inch to 10-inch.

#### RECOMMENDATION

That the Board consider taking the following action(s):

1. Adopt Resolution No. 25R-XX Setting the Service Line Installation fee for water meter size ranges %-inch to 10-inch.

#### **BACKGROUND/ANALYSIS**

Staff has evaluated the actual cost of service line installations over the prior year and finds the average cost of materials has increased significantly. Staff is therefore recommending the service line installation cost for ¾-inch and 1-inch meters be set at \$3,040.

The resolution for service line installation has never considered the cost of meters larger than 1-inch as such a request has never been made. Nevertheless, the Water Capacity Fee Study, adopted by the Board includes meter sizes up to 10-inch and thus an installation cost should also be set for such meters. At this time, staff is recommending that for any request for a meter greater than 1-inch that the Agency use the actual cost of installation. In such cases, staff would prepare a cost estimate at the time of request and

#### PAGE 52 of 89

the customer would be required to place a cash deposit on file. At the conclusion of the installation, the customer would be presented with a refund or a bill depending on the actual calculated cost.

The adoption of a Service Line Installation fee is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on September 30, 2025, posted and distributed via email, draft Resolution No. 25R-XX Setting the Service Line Installation Fee for Water Meter Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption.

#### 1. Public Workshop No. 2 – 2025 Rate Study (5-year period commencing 2026)

GM West reintroduced Sara Mares, NBS Government Finance, who is the project manager for the rate study. Ms. Mares gave a PowerPoint presentation outlining the results of their analysis which led to the development of the analysis presented.

Ms. Mares summarized the biggest reason rates are increasing is the loss of the tier rates and reduced consumption on both residential and agricultural classes. She then reviewed the water revenue requirements and debt issuance that have been identified for capital projects. She is projecting an annual rate revenue increase of 3.5% per year. However, she noted the amount of the rate increase is different than the revenue increase.

Ms. Mares reviewed reserve fund levels at the end of the rate period. GM West and Mr. Nelson, Starting Line Advisory, made comments on the reserve policy as it relates to the analysis.

Ms. Mares presented the proposed rate structure for meter sizes and consumption by class. This is just above 13% increase in year one. She reminded the Board that the rate revenue increasing 3.5% but the rate increase is based on lower consumption and loss of tiers (agricultural users).

Members of the Board asked questions which were answered.

Ms. Mares showed analysis that indicated the dollar impact of various billing scenarios (winter, annual and summer averages) which shows approximately \$13 to \$17 bi-monthly.

Ms. Mares discussed the Prop. 218 process and the schedule of processes needed to proceed. She further discussed newer processes concerning protests.

Directors discussed various scenarios that could be modeled so they could get a better feel for options. Mr. Nelson recommended holding at 65% basic charge and 35% commodity and going 10% each direction (55%/45% and 75%/25%) to understand effect it will have on the bill.

#### 1. Public Workshop No. 3 – 2025 Rate Study (5-year period commencing 2026)

GM West gave the staff report as provided in the Agenda packet explaining this is a follow-up to the Special Board meeting of September 4<sup>th</sup> from which additional rate model distributions were requested. GM West reintroduced Sara Mares, COO, NBS Government Finance, back for Workshop No. 3 to review the rate study and answer any questions of the Board.

Ms. Mares' shared a Powerpoint presentation summarizing workshops No. 1 and No. 2 and introducing some additional rate model calculations which reflect a 55% Basic Charge/45% Consumption Charge distribution and a 75% Basic Charge/25% Consumption Charge distribution. Ms. Mares also shared a model run which is a 65/35 option at annual revenue increase of 0% in year 1 and 4.4% thereafter (Option 1 being 65/35 with constant 3.5% revenue increase over the 5-year period).

Ms. Mares answered questions of the Board. Directors discussed the pros and cons of the various new scenarios presented.

There was consensus from the Board members present to proceed with Option 2 (65%/35% with "smoothing route" of 0% annual revenue increase projection of 0% in year 1 and 4.4% thereafter). The Board of Directors concurred with staff's recommendation to agendize Public Workshop No. 4 to discuss the proposed rate and fee structure and setting the Public Hearing in accordance with Article XIII C and D of the California Constitution (Public Workshop No. 5) for December 14, 2025.

Public Comment on the Rate Study and scenarios proposed: Ms. Conklin agreed with the Board as did Mr. West.

Ms. Mares returned to the Powerpoint presentation and the proposed schedule. October 14<sup>th</sup> begin the next Regular Meeting date for the Board to direct staff to send out the Prop. 218 Notices. Once Notices are mailed that initiates a 45-day period. The Board could then adopt the rates on December 9<sup>th</sup> by Resolution.

<u>There was consensus from the Board members present</u> to proceed with preparation of the Prop 218 Rate Notice for Board consideration and adoption on October 14, 2025.

GM West also discussed the financial reserve policy and Mr. Nelson shared how the reserve policy is affecting the outlook of long-term reserves and offering suggestions for reframing the policy. He suggested that maybe it should be reviewed annually alongside the budget discussions. Following a detailed review of each category staff indicated a draft policy would be brought to the next Finance Committee meeting for discussion.

## 6. Authorize Issuance of Professional Services Agreement to Carl Otteson's Certified Backflow in Support of Agency Cross Connection Control Plans

GM West gave the staff report as presented in the Agenda packet highlighting that the state had revised the Cross Connection Control Policy Handbook which triggered action by all water systems. GM West wanted to be certain the Board understood there is already a cross connection control program in place but this new update requires changes to the existing plan.

GM West had a Powerpoint slide to demonstrate what backflow is and how it can affect a water system.

GM West explained that the Agency had met the deadline for submission of a draft plan to the State Water Resources Control Board Division of Drinking Water in lieu of requesting an extension. The next step is to identify a Cross Connection Control Specialist which is action before the Board tonight.

Staff is requesting the Agency contract with Carl Otteson's Certified Backflow to be designated as the Agency Cross Connection Control Specialist. Once this step is completed, the plan can be reviewed by the Specialist and brought back to the Board for approval via resolution. Thereafter, staff will be working with the Planning/Engineering/Legislative/Grant Standing Committee to revise the operational characteristics of the Plan to be more proactive. GM West concluded that costs associated with the installation and annual testing of the backflow device are ultimately borne by the customer so the actual out-of-pocket cost to the Agency should be cost neutral.

Questions of the Board were answered.

Public Comment: None.

**Motion No. 25-047** Motion to authorize issuance of Professional Services Agreement with Carl Otteson's Certified Backflow for Fiscal Year 2025/26 and up to three additional fiscal years to perform activities in support of the Agency's Cross-Connection Control Plan as its designated Cross-Connection Control Specialist.

#### <u>WORKSHOP</u>

## 2. Special Workshop No. 1 – Consultant's Report on Operational & Managerial Review and Organizational Assessment & Options

Ms. Allen-Ortega introduced herself as well as Adan Ortega and Tim Worley with Ortega Strategies Group and the proposed schedule for the workshop which began with an interactive exercise amongst attendees who were split into groups of two members.

Following an overview of the results of the team exercise, OSG gave a Powerpoint presentation noting that the responses from the interactive activity align with the Agency Mission, Vision and Values.

Mr. Ortega formatted a SWOT (Strengths, Weaknesses, Opportunities and Threats) analysis using the responses from the individual interviews with board and staff, which took place prior to this workshop. The responses were categorized in terms of Leadership, Staff Culture, Community, Finance & Affordability, Water Quality & Reliability.

The discussion proceeded to a discussion of "needs and gaps in transition" (to new management) followed by "Charting Our Path Forward" with leadership and organizational options.

Option 1: Joint Powers Authority (JPA) with a regional water district (not an annexation/consolidation).

Option 2: Consolidation which was universally rejected by board and staff with no compelling argument to continue.
