CALL TO ORDER

PLEDGE OF ALLEGIANCE

ROLL CALL

APPROVAL OF AGENDA

Discussion and Action Items - The Board of Directors and Staff will discuss the following items and the Board will consider taking action, if so inclined. The Public is invited to comment on any item on the agenda during discussion of that item. When giving your public comment, please have your information prepared. If you wish to be identified for the record, then please state your name. Due to time constraints, each member of the public will be allotted three-minutes to provide their public comment.

1. Presentation of the Agency Financial Audit for Fiscal Year 2022-2023 by the Independent Certified Public Accounting Firm of CJ Brown & Company CPAs

That the Board considers taking the following action(s):

1. Board to receive and file the Agency Financial Audit for fiscal year 2022-2023 conducted by CJ Brown & Company CPAs.

2. Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Sizes 3/4 –inch to 10-inch

That the Board considers taking the following action(s):

1. Adopt Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Size Ranges ¾-inch to 10-inch.

3. Authorize Upgrade of Springbrook Utility Billing Software from Version 7.16.0 to Version 7.18.0 at an Estimated Cost of \$17,600

That the Board considers taking the following action(s):

- 1. Authorize the General Manager to execute contract with Springbrook Holding Company, LLC to upgrade to version 7.18.0 for an estimated cost of \$17,600.
- Authorize a budget adjustment of \$5,000 for any software upgrades necessary on the Agency's server to accommodate the proper operation of Springbrook Version 7.18.00.

4. Dissolve Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure"

That the Board considers taking the following action(s):

1. Accept final report and dissolve the Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure"

5. Authorize Issuance of Professional Services Agreement to Landstedt Consulting for Grant Administrative Support to the Pipeline Improvements/ Consolidation Project Grant for \$20,000.

The Board considers taking the following action(s):

- 1. Authorize issuance of Professional Services Agreement to Landstedt Consulting for Pipeline Improvement and Consolidation Project Grant Administrative Services for the not to exceed amount of \$20,000.
- 6. **Consent Items** The following items are expected to be routine and non-controversial and will be acted on by the Board at one time without discussion, unless a member of the public or member of the Board requests that the item be held for discussion or further action.
 - a. Board of Directors' Meeting Minutes, October 10, 2023
 - **b.** Financial Statements

- 1. Balance Sheet September 2023
- 2. Budget Status September 2023
- 3. Quarterly Investment Report for period ending Q3/2023
- c. Receive and File Disbursements for September 2023
- d. BDV Production Report for September 2023
- e. Goat Mountain Production Reports for September 2023
- f. Service Order Report for September 2023
- g. Authorize Per Diem and Expenses for Directors to Attend Introduction to Special District Finances for Board Members sponsored by the Local Agency Formation Commission for San Bernardino, November 17, 2023, Apple Valley, CA.
- **h.** Receive and File Planning/Engineering (PLEGs) Standing Committee Meeting Minutes for August 16, 2023

Recommended Action: Approve as presented.

7. Matters Removed from Consent Items

8. Public Comment Period

Any person may address the Board on any matter within the Agency's jurisdiction on items <u>not</u> appearing on this agenda. When giving your public comment, please have your information prepared. If you wish to be identified for the record, then please state your name. Due to time constraints, each member of the public will be allotted three minutes to provide their public comment. State Law prohibits the Board of Directors from discussing or taking action on items not included on the agenda.

- 9. Verbal Reports Including Reports on Courses/Conferences/Meetings.
 - 1. General Manager Report
 - 2. Director Reports

10. Adjournment

In accordance with the requirements of California Government Code Section 54954.2, this agenda has been posted in the main lobby of the Bighorn-Desert View Water Agency, 622 S. Jemez Trail, Yucca Valley, CA not less than 72 hours if prior to a Regular meeting, date and time above; or in accordance with California Government Code Section 54956 this agenda has been posted not less than 24 hours if prior to a Special meeting, date and time above. As a general rule, agenda reports or other written documentation have been prepared or organized with respect to each item of business listed on the agenda. Copies of these materials and other disclosable public records in connection with an open session agenda item, are also on file with and available for inspection at the Office of the Agency Secretary, 622 S. Jemez Trail, Yucca Valley, California, during regular business hours, 8:00 A.M. to 4:30 P.M., Monday through Friday. If such writings are distributed to members of the Board of Directors on the day of a Board meeting, the writings will be available at the

entrance to the Board of Directors meeting room at the Bighorn-Desert View Water Agency.

Internet: Once uploaded, agenda materials can also be viewed at www.bdvwa.org

Public Comments: You may wish to submit your comments in writing to assure that you are able to express yourself adequately. Per Government Code Section 54954.2, any person with a disability who requires a modification or accommodation, including auxiliary aids or services, in order to participate in the meeting, should contact the Board's Secretary at 760-364-2315 during Agency business hours.

Calendar Reminder - Upcoming Director Meetings

- Mojave Water Agency Board of Directors Meeting Second and Fourth Thursday every month (regular schedule)
- Morongo Basin Pipeline Commission Meeting Quarterly March, June, September and December (check MWA website for location)
- ASBCSD Monthly Dinner Meeting third Monday (regular schedule)
- Homestead Valley Community Council Meeting Third Monday (regular schedule location rotates to various Community Centers)
- Landers Association Monthly Meeting Third Saturday (regular schedule)

Subject:Presentation of the Agency Financial Audit for Fiscal Year 2022-2023 by the
Independent Certified Public Accounting Firm of CJ Brown & Company CPAs

SUMMARY

Our auditor, Mr. Christopher Brown, CJ Brown & Company CPAs, will present the report on the Audit for the Bighorn-Desert View Water Agency for fiscal year ending June 30, 2023. The Audit Report is attached along with other relevant correspondence.

RECOMMENDATION

That the Board considers taking the following action(s):

1. Board to receive and file the Agency Financial Audit for fiscal year 2022-2023 conducted by CJ Brown & Company CPAs.

BACKGROUND/ANALYSIS

The attached audit report contains all relevant background and analysis.

PRIOR RELEVANT BOARD ACTION(S)

02/14/2023 Motion No. M23-008 Authorize Execution of Contract Extension with C. J. Brown & Company, CPA's (formerly Fedak & Brown, LLP) for Audit Services for the Period End June 30, 2023 thru June 30, 2027 (Moved by Finance FPREP Committee of January 17, 2023).
1/23/2018 Motion No. M18-006 Motion to authorize the General Manager to enter into Professional Services Agreement with Fedak & Brown LLP for Financial Auditing Services for Fiscal Years Ending June 30, 2018 through June 30, 2022 at a first year cost of \$18,350.

Board of Directors Bighorn Desert View Water Agency

Introduction

It is our pleasure to submit Bighorn-Desert View Water Agency's Annual Financial Report (the "Report") for the fiscal years ending June 30, 2023 and 2022. Agency staff has prepared this report following guidelines set forth by the Governmental Accounting Standards Board. The Agency is responsible for the accuracy of the data included within this Report, as well as the completeness and fairness of its presentation and inclusion of all necessary disclosures. This Report is designed to enhance your understanding of the Agency's financial position and activities.

Generally Accepted Accounting Principles (GAAP) requires Agency management to provide a section within this Report that includes a narrative introduction with an overview and analysis referred to as the Management's Discussion and Analysis (MD&A) section. This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The Agency's MD&A can be found immediately following the Independent Auditors' Report.

Agency Structure and Leadership

The Bighorn-Desert View Water Agency is an independent special district, which operates under the authority of Division 12 of the California Water Code. The Agency was formed in 1990 upon approved consolidation of the Bighorn Mountains Water Agency (established in 1969) and the Desert View County Water District (established in 1964) by the San Bernardino County Board of Supervisors and is governed by a five-member Board of Directors elected at-large from within the Agency's service area. The Board of Directors convenes for regularly scheduled meetings on the second Tuesday of each month at 6:00 pm (effective April 2020). These meetings are publicly noticed, and citizens are encouraged to attend. The General Manager administers the day-to-day operations of the Agency in accordance with policies and procedures established by the Board of Directors. By the fiscal year ending June 30, 2023, the Agency had an authorized employee organization of ten (10) regular full-time employees, which includes the general manager. The new position of Assistant General Manager was approved but unfilled as of June 30, 2023. The staff remains organized into two (2) departments: Administration and Operations.

The Agency provides water service to approximately 2,698 connections (2365 active / 333 inactive) within its nearly fifty-two (52) square mile service area located in the eastern desert area of San Bernardino County which encompasses the unincorporated communities of Flamingo Heights, Landers, and Johnson Valley.

As of July 1, 2015, the Agency annexed a neighboring water system, which remains physically isolated from the Bighorn-Desert View water system. Therefore, the Agency operates under two Water Supply Permits issued by the State Water Resources Control Board – Division of Drinking Water.

Page 14 of 143

Agency Services

Residential customers represent nearly 96% of the Agency's customer base with the remainder classified as either Agricultural or Commercial. Therefore, Residential class consumes a majority of the water produced annually. Additional water is utilized for construction projects, system flushing, fire suppression and/or lost to leaks. The combined water systems utilize a total of eight (8) active groundwater wells with a total system production capacity of 1,834 gallons per minute.

In fiscal year 2022/23, the Agency produced approximately 522 acre-feet of groundwater with 123.7 acrefeet of that production serving the ID GM system demand. This is a decrease of 13% or 79 acre-feet less than the prior fiscal year. Production has dropped nearly 25% since fiscal year 2020/21. That year the Agency produced an all-time high of 677 acre-feet. The decrease is primarily attributed to the reduced usage from the Agricultural classification which was predominantly illegal cannabis cultivation which has essentially been eradicated by the County of San Bernardino.

In fiscal year 2022/23 the Agency had received 60 acre-feet of their State Water Project request for 200 acre-feet for the water year (October 1st to September 30th). Agency requests are delivered to the Ames/Reche Recharge Facility by the Mojave Water Agency, a State Water Project Contractor. The Agency now has a total of 680-acre feet in storage with a current value of \$393,410.

Economic Condition and Outlook

According to Sperling's Best Places the cost of living in the Landers area remains 2.7% lower than the U.S. average. All cost-of-living factors are nearly equal to or lower than the U.S. average with utilities being somewhat higher. The overall cost of living is higher than 2020 rising from 86.3 to 97.3 but still lower than the national average. The unemployment rate is currently approximately 5.4% (averaged for one year), down from 7.8% last year. Using U.S. Census Block group data, all census blocks within the Agency boundaries are classified as a "severely disadvantaged" with an average household income reported at \$35,732, which is less than half of the U.S. average. The area is classified as rural unincorporated San Bernardino County with a planned residential zoning of 2.5-acre minimum lot size. The area is comprised of predominantly English and Spanish speaking residents.

The Agency serves only a small number of commercial businesses and institutions. The largest employer is the local elementary school. Many local residents will commute to the Twenty-nine Palms Marine Corps Ground Combat Center, Town of Yucca Valley or 60 miles south to Palm Springs, CA area or a similar distance north to the Victorville area for employment.

Major Initiatives

The activities of the Board and staff of the Agency are driven by our mission statement: "*To provide a high-quality supply of water and reliable service to all customers at a fair and reasonable rate*". In fiscal year 2022/23 the Agency focused on the following major initiatives:

- 1. In June 2023, the Agency Board of Directors adopted a strategy to plan for the pending retirement of the long-term general manager. Recruitment for an Assistant General Manager was initiated.
- 2. Adopt a balanced budget with a projected growth of reserve funds for replacement/refurbishment of infrastructure, emergency contingencies and capital improvement programs specifically highlighted in the 2018 Updated Mojave Water Agency Integrated Regional Water Management Plan (IRWMP). Continue efforts to reduce costs where possible.

Major Initiatives, continued

- **3.** Remain focused on preventative maintenance of the water distribution system appurtenances including groundwater wells, water storage tanks, pressure reducing stations, fire hydrants, isolation valves, air vacuum valves and emergency power connections. Minimize water lost to leaks. Work with civil engineers to prioritize and implement short-term capital or refurbishment projects.
- 4. Continue outreach to the community through various forms of communication including newsletters, annual calendar, utility bill and participation in local community events.
- 5. Continue purchases of State Water Project water for future needs.
- 6. Continue to pursue grant opportunities for capital, replacement, and refurbishment via the Mojave Water Agency Integrated Regional Water Management Plan (IRWMP 2018 Update) and their Small Water Systems Assistance Program.
- 7. Obtain the Certificate of Achievement for Excellence in Financial Reporting for our Comprehensive Financial Report from the Government Finance Officers Association of the United States and Canada.
- 8. Maintain our 2-year Certificate of Excellence in District Transparency from the Special District Leadership Foundation.
- 9. Maintain our 2-year Special District Leadership Foundation District of Distinction Accreditation.

All programs and operations of the Agency are developed and performed to provide the highest level of service and transparency to its customers.

Accomplishments

To assist the Board of Directors in meeting their mission, staff achieved the following initiatives in fiscal year 2022/23:

- 1. In May 2022, the Board adopted a balance budget totaling \$2.37M in revenue projections for fiscal year 2022/23. This budget included an adopted rate increase applied to the January 1, 2023, billing (due in February 2023). The fiscal year 2022/23 budget projected revenues exceeding expenses, but these were offset by projected capital expenses and "replacement/refurbishment" needs.
- 2. In June 2023, the Board of Directors adopted a plan for management succession, which includes the increase in authorized full-time staff from nine (9) to (10) with the creation of an Assistant General Manager position with associated job description and salary scale. A Water Distribution Supervisor position with associated job description and salary scale was also approved. Recruitment for an Assistant General Manager was initiated.
- **3.** In October 2022, the Agency was awarded \$675,000 Prop. 1/Round 2 grant funds to construct a second physical intertie with Hi-Desert Water District for emergency supply purposes and exchange of water, if needed.

In April 2023, the Agency was awarded an implementation/construction grant from the State Water Resources Control Board in the amount of \$11,000,000 for various projects identified in a Preliminary Engineering Report (PER) completed the previous year using a planning grant.

Also in April 2023, the Agency was awarded nearly \$300,000 from the Department of Water Resources (DWR) "drought funding round" to replace 1,075 water meters and associated materials.

Page 16 of 143

Accomplishments, cont.

- 1. In December 2021, the Agency Board of Directors updated its Financial Reserve Policy setting up the categories and goals related to the cash reserves on-hand. The Agency took advantage of increasing interest rates by investing in Certificates of Deposit (CDs). Following the failure of Silicon Valley Bank in March 2023, the Agency diversified its banking options by opening a second bank account with Five Star Bank with a companion Money Market account. The Agency also opened an account with California Cooperative Liquid Assets Security System (CA CLASS). The Agency currently has zero bond debt outstanding with no current plan to incur bonded indebtedness in the coming fiscal year.
- 2. As part of a sound revenue collection policy, the Agency continues the practice of collecting delinquent water charges by placing liens on the secured property tax rolls. This has resulted in the eventual collection of a majority of these receivables over time that might otherwise be written off as bad debt. The amount of tax lien sent to the tax roll for 2023 (for those bills excessively delinquent as of February 2023) was approximately \$46,800. This is a decrease of approximately \$38,000 primarily based on lifting of the Covid emergency declaration which allowed the Agency to "lock-off" services for excessive delinquency. In addition to the secured tax roll, unsecured liens are applied to properties from time-to-time to ensure amounts due can be collected upon property sale. The "true bad debt" for fiscal year 2022/23 was \$1,510 from 21 individual accounts, with 47% of the true bad debt attributed to four accounts with insufficient account deposit on file to cover the final bill.
- **3.** In an effort to responsibly manage the Agency's Unfunded Accrued Liability (UAL) with the California Public Employees Retirement Fund (CalPERS), the Agency opened an IRS 115 "Pension Rate Stabilization Trust" with Public Agency Retirement Services (PARS) in 2020. This was an effort to both diversify our UAL balance by investing outside CalPERS in an effort to attain higher interest earnings on funds to make future payments to CalPERS. In fiscal year 2022/23, no additional contributions were made to the fund due to the erratic cycle of gains and losses ultimately leading to a small loss of principal investment at year end. As of June 30, 2023, the PARS account balance was \$242,232. The fiscal year 2022/23 UAL payment was about \$45,300.
- 4. The Agency strives to maintain rates and charges commensurate with the service provided. Due to increasing costs, Agency adjusted rates for various services not typically part of the routine water charges such as, but not limited to, termination of water service, "call-out response" fees for non-routine services, fire flow tests and the fee to prepare a demand letter to release an unsecured lien.
- 5. The Agency has sponsored and participated in various outreach events, including Gubler's Orchid Festival (26th annual event), Homestead Park Labor Day Community Fireworks show, Giant Rock Clean-Up and Morongo Basin Conservation Association Desert-Wise Landscape Tour and lecture series. The landscape tour was held to a small number of sites and once again, videos were created to highlight landscapes as well (<u>https://www.youtube.com/watch?v=BgvOps3QAto</u>). News and events were noted on the water bill statement as well as through an Agency-wide newsletter. The Agency along with Hi-Desert Water District created and executed the 8th Annual Children's Water Education Festival at the local middle school, funded by a grant from the Mojave Water Agency.
- 6. Water system preventative maintenance in 2022/23 included collection of over 1,600 distinct water quality samples, collection of quarterly groundwater level measurements and water main flushing. During the year, the Agency experienced one mainline leak repair, 80 service line repairs and 65 service line replacements. Mainline and fire hydrant triennial valve exercising program cycle continues with 136 of 1,261 completed. A total of 65 meters were exchanged throughout the Agency as part of routine meter exchanges following signs of failure during meter reading and usage evaluations.

Page 17 of 143

Accomplishments, cont.

- 1. Major repair/refurbishment or capital upgrades to facilities and structures included the installation of 10 new meter installations, down 24 from the prior fiscal year. Four Pressure Regulating Station Valves (PRV's) were rehabilitated as well as control valves at two well sites. Due to rapid increases in the cost of labor and materials (aka inflation and supply chain issues) the Agency abandoned plans to construct up to three groundwater monitoring wells.
- 2. The Agency accepted one request for annexation of a single parcel initiated by the landowners in order to obtain water service. The application will be submitted to and eventually certified through the Local Area Formation Commission process in the first part of fiscal year 2023/24. This will add an additional 10 acres to the Agency service territory.
- **3.** The Agency was awarded the Certificate of Achievement for Excellence in Financial Reporting for its Comprehensive Financial Report for fiscal year 2022/23 from the Government Finance Officers Association of the United States and Canada.
- 4. In December 2022, the Agency received the 6th renewal of the Certificate of Excellence in District Transparency from the Special Districts Leadership Foundation for the prior two-year period. This 2-year accreditation is expected to be renewed again for the period January 2023 to December 2024.
- 5. In December 2022, the Agency received the 3rd renewal of the District of Distinction Accreditation from the Special Districts Leadership Foundation for the prior two-year period. This 2-year accreditation is expected to be renewed again for the period January 2023 to December 2024.

Internal Control Structure

Agency management is responsible for the establishment and maintenance of the internal control structure that ensures the assets of the Agency are protected from loss, theft or misuse. The internal control structure also ensures that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The Agency's internal control structure is designed to provide reasonable assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

Budgetary Control

The Agency Board of Directors annually adopts an operating budget for the new fiscal year. The budget authorizes and provides the basis for reporting and control of financial operations and accountability for the Agency's enterprise operations. Extensive capital budgets have not always been presented with the budget, therefore projects are brought to the Board individually, as needed, for consideration. The budget and reporting treatment applied to the Agency is consistent with the accrual basis of accounting and the financial statement basis. The goal of the Board is to adopt a budget which projects that revenues will exceed expenses by at least 10% so that sufficient reserves can be raised to fund the long-term capital construction plan as well as replacement and refurbishment of existing infrastructure due to normal wear over time.

Page 18 of 143

Investment Policy

The Board of Directors has adopted an investment policy that conforms to state law, Agency ordinance and resolutions, and prudent money management. The objective of the Investment Policy is safety, liquidity, and yield. Although the policy covers a wide variety of investment instruments, the Agency's reserve funds are currently invested in the State Treasurer's Local Agency Investment Fund (LAIF) and an institutional checking account (Pacific Western Bank). The Board of Directors approved the current investment policy on June 27, 2023 (Resolution No. 23R-12). By the fiscal year end the Agency had set up new accounts with Five Star Bank (checking and Money Market) and the California Liquid Assets Security System (CA CLASS). In 2022/23 the Agency was able to earn interest revenue through conventional Certificates of Deposit as well.

In response to the Agency's Unfunded Accrued Liability (UAL) the Board approved participation in a Public Agencies Post-Employment Benefits Trust administered by the Public Agency Retirement Services (PARS) in April 2020 (Resolution No. 20R-09). The Board also adopted an investment strategy with a total funding goal of \$700,000 which is equivalent to the current UAL amount calculated by CalPERS. As of June 30, 2023, the balance was \$242,232.

Water Rates and Agency Revenues

The Agency's current policy direction ensures that all revenues from user charges generated from Agency customers must support all Agency operations including capital project funding. Accordingly, water rates are regularly reviewed. Water rates are user charges imposed on customers for services and are the primary component of the Agency's revenue. Water rates are composed of a commodity (usage) charge and a fixed meter (readiness-to-serve) charge.

Water Rates and Agency Revenues, continued

In April 2021, the Board of Directors adopted *Resolution No. 21R-08 Adjusting the Basic Service Charge* and Water Consumption Charges by Specific Customer Class. The move to consumption tiers and customer classifications was in response to increased agricultural activity. Also in 2021, the Agency became aware that these "agricultural" land uses were most likely illegal cannabis crops and the County of San Bernardino had begun eradication of these sites. By the end of calendar year 2022, it appeared that the County had eradicated all the suspected sites and the consumption in the agricultural tier has been reduced. The rate structure was approved for 5 years. The rate increases effective January 1, 2023, was the third increase in the five-year approved rate structure.

Water Conservation Programs

The Agency is an active member of the Hi Desert Alliance for Water Awareness and Conservation (HD AWAC). Agency Board and staff participate in and sponsor a number of community events with a conservation component, such as the Desert-Wise Landscaping Home Tours and community lectures/workshops sponsored by the Morongo Basin Conservation Association. The Agency also distributes materials to encourage water conservation. In 2013, a "water-wise" demonstration garden was installed in the community to highlight the types of plants and landscape that can be successfully maintained with little water. In accordance with Governor Jerry Brown's April 1, 2015, Executive Order requiring water suppliers to reduce usage, the Agency adopted Ordinance No. 15O-03 Amending and Restating the Agency's Water Conservation Plan.

Audit and Financial Reporting

State Law and Bond covenants require the Agency to obtain an annual audit of its financial statements by an independent certified public accountant. The accounting firm of C.J. Brown LLP & Company CPAs has conducted the audit of the Agency's financial statements. Their unmodified Independent Auditor's Report appears in the Financial Section.

Page 19 of 143

Risk Management

The Agency became a member of the California Association of Mutual Water Companies/Joint Powers Risk and Insurance Management Authority (CalMutuals/JPRIMA) on July 1, 2021. The CalMutuals/JPRIMA was established through CalMutuals advocacy with the California's legislature passing AB 656 in September 2015. As a public agency, CalMutuals/JPRIMA is committed to providing quality insurance products that blend competitive rates with meaningful value-added services and impeccable financial security. The Agency receives both Property & Liability insurance and Workers' Compensation through CalMutuals/JPRIMA. In fiscal year 2022/23, there were no Workers Compensation or General Liability claims filed.

Technology Advance in Customer Service (E-government initiatives)

The Agency customers have the option to pay their bills in person at the Agency office, on-line, via Automated Clearinghouse (ACH) through their bank account, or with a major credit card via phone by Agency internet website link. In 2018, the Agency enhanced execution of a process known as "check free". "Check free" applies to customers who go to their bank's website to request a bill be paid. If the bank utilizes "check free", then the payment is sent electronically. If the bank is not utilizing "check free", then the bank issues a paper check through the mail. The benefit of faster payment processing is realized by those customers whose bank participates.

The billing system also allows customers to sign-up for "paperless billing" and to manage their account on-line through a payment portal known as CivicPay.

Customers also have access to Agency agendas and agenda backup materials via email notifications immediately upon publication. The agenda materials as well as other reference material are also available on the Agency website (www.bdvwa.org). The website includes a link to the email addresses of each member of the Board of Directors as well as an email address for general inquiries.

Other References

More information has been provided in both the Management's Discussion and Analysis and the Notes to the Basic Financial Statements, which can be found in the Financial Section of this report.

Awards and Acknowledgements

The Agency is the recipient of the 2015 Association of California Water Agencies "*Clair A. Hill Agency Award for Excellence*".

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Bighorn-Desert View Water Agency for its comprehensive annual financial report of the fiscal year ended June 30, 2022. This was the eleventh year that the Agency has applied for and achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of only one year. The Agency believes that the current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and the Agency intends to submit an application to the GFOA to determine our eligibly for certification for fiscal year 2022/23.

Since 2017, the Agency has maintained *Certificate of Excellence in District Transparency* from the Special Districts Risk Management Authority. This 2-year accreditation is expected to be renewed again for the period January 2023 to December 2024.

Also, since 2017, the Agency has maintained the *District of Distinction* Accreditation from the California Special Districts Association (CSDA). This 2-year accreditation is expected to be renewed again for the period January 2023 to December 2024.

Awards and Acknowledgements, continued

On behalf of the Agency, General Manager M. West serves as Treasurer on the Board of Directors of the Joint Powers Management (JPRIMA: CalMutuals Risk and Insurance Authority https://calmutuals.org/calmutuals-jprima-insurance/) as well as serving as the Chair of the Policy Committee of the Community Water Systems Alliance (CWSA: <u>https://communitywatersystems.org/</u>).

Summary

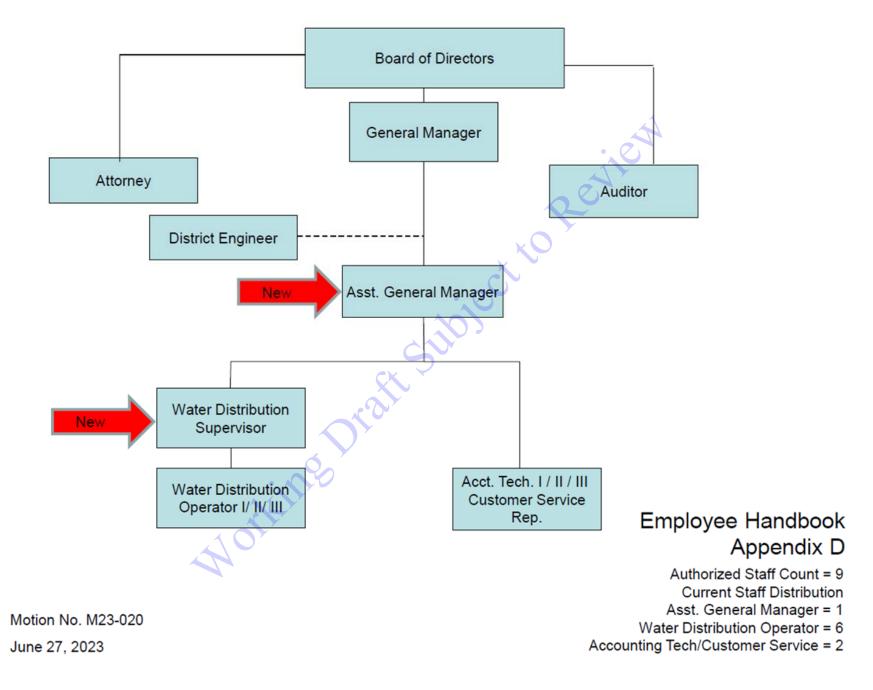

Preparation of this report was accomplished by the combined efforts of Agency staff. I truly appreciate the dedicated efforts and professionalism that our staff members bring to the Agency. I would also like to thank the members of the Board of Directors for their continued support in the planning and implementation of the Bighorn-Desert View Water Agency's fiscal policies.

With Great Pleasure,

Marina D. West, PG General Manager / Treasurer

Working Draft Subject to Review

Independent Auditor's Report

Board of Directors Bighorn Desert View Water Agency Yucca Valley, California

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of the Bighorn Desert View Water Agency (Agency), which comprises the statements of net position as of June 30, 2023 and 2022, and the related statements of revenues, expenses, and changes in net position for the fiscal years then ended, and the related notes to the financial statements, which collectively comprise the Agency's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bighorn Desert View Water Agency as of June 30, 2023 and 2022, and the changes in net position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the State Controller's Minimum Audit Requirements for California Special Districts. Those standards require that we plan and perform our audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Page 27 of 143

Independent Auditor's Report, continued

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Agency 's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control–related matters that we identified during the audits.

Page 28 of 143

Independent Auditor's Report, continued

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 14 through 20 and the required supplementary information on pages 54 and 55 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audits were conducted for the purpose of forming opinions on the financial statements that collectively comprise the Agency's basic financial statements. The introductory section on pages 1 through 8 and the statistical section on pages 56 through 70 are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated November 14, 2023, on our consideration of the Agency's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Agency's internal control over financial reporting and compliance. This report can be found on pages 71 and 72.

Page 29 of 143 Bighorn Desert View Water Agency Management's Discussion and Analysis For the Fiscal Years Ended June 30, 2023 and 2022

The following Management's Discussion and Analysis (MD&A) of activities and financial performance of the Bighorn Desert View Water Agency (Agency) provides an introduction to the financial statements of the Agency for the fiscal years ended June 30, 2023 and 2022. We encourage readers to consider the information presented here in conjunction with the transmittal letter in the Introductory Section and with the accompanying basic financial statements and related notes, which follow this section.

Financial Highlights

- The Agency's net position decreased by 0.26% or \$23,387 to \$9,015,961, due to the loss from ongoing operations of \$88,935 offset by capital contributions of \$65,548. In 2022, the Agency's net position increased by 9.83% or \$809,207 to \$9,039,348, due to the income from operations from ongoing operations of \$735,214 and capital contributions of \$73,993.
- The Agency's total revenues decreased by 6.19% or \$160,007 to \$2,426,765. In 2022, the Agency's total revenues decreased by 11.16% or \$325,081 to \$2,586,772.
- The Agency's operating revenues decreased by 9.07% or \$203,214 to \$2,037,166. In 2022, the Agency's operating revenues decreased by 7.91% or \$192,539 to \$2,240,380.
- The Agency's non-operating revenues increased by 18.96% or \$51,652 to \$324,051. In 2022, the Agency's non-operating revenues increased by 7.39% or \$18,752 to \$272,399.
- The Agency's total expenses increased by 37.84% or \$672,587 to \$2,450,152. In 2022, the Agency's total expenses decreased by 15.12% or \$316,706 to \$1,777,565.
- The Agency's operating expenses including depreciation increased by 38.50% or \$680,962 to \$2,449,868. In 2022, the Agency's operating expenses including depreciation decreased by 15.53% or \$325,332 to \$1,768,906.
- The Agency's non-operating expenses decreased by 96.72% or \$8,375 to \$284. In 2022, the Agency's non-operating expenses increased by \$8,626 to \$8,659.
- The Agency's capital contributions decreased by 11.14% or \$8,445 to \$65,548. In 2022, the Agency's capital contributions decreased by 67.16% or \$151,294 to \$73,993.

Using This Financial Report

This annual report consists of a series of financial statements. The Statement of Net Position, Statement of Revenues, Expenses, and Changes in Net Position, and Statement of Cash Flows provide information about the activities and performance of the Agency using accounting methods similar to those used by private sector companies.

The Statement of Net Position includes all of the Agency's investments in resources (assets), deferred outflows of resources, obligations to creditors (liabilities), and deferred inflows of resources. It also provides the basis for computing a rate of return, evaluating the capital structure of the Agency, and assessing the liquidity and financial flexibility of the Agency. All of the current year's revenue and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Net Position. This statement measures the success of the Agency's operations over the past year and can be used to determine if the Agency has successfully recovered all of its costs through its rates and other charges. This statement can also be used to evaluate profitability and credit worthiness. The final required financial statement is the Statement of Cash Flows, which provides information about the Agency's cash receipts and cash payments during the reporting period.

Page 30 of 143 Bighorn Desert View Water Agency Management's Discussion and Analysis, continued For the Fiscal Years Ended June 30, 2023 and 2022

Financial Highlights

The Statement of Cash Flows reports cash receipts, cash payments, and net changes in cash resulting from operations, investing, non-capital financing, and capital and related financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in cash balance during the reporting period.

Financial Analysis of the Agency

One of the most important questions asked about the Agency's finances is, "Is the Agency better off or worse off as a result of this year's activities?" The Statement of Net Position and the Statement of Revenues, Expenses, and Changes in Net Position report information about the Agency in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the *accrual basis of accounting*, which is similar to the accounting used by most private sector companies. All of the current year's revenues and expenses are taken into account regardless of when the cash is received or paid.

These two statements report the Agency's *net position* and changes in it. One can think of the Agency's net position – the difference between assets plus deferred outflows of resources, less liabilities and deferred inflows of resources – as one way to measure the Agency's financial health, or *financial position*. Over time, *increases* or *decreases* in the Agency's net position is one indicator of whether its *financial health* is improving or deteriorating. However, one will need to consider other non-financial factors such as changes in economic conditions, population growth, zoning, and new or changed government legislation, such as changes in Federal and State water quality standards.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the basic financial statements can be found on pages 26 through 53.

Condensed Statements of Net Position

Page 31 of 143 Bighorn Desert View Water Agency Management's Discussion and Analysis, continued For the Fiscal Years Ended June 30, 2023 and 2022

Statements of Net Position, continued

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Agency, assets plus deferred outflows of resources of the Agency exceeded liabilities, and deferred inflows of resources by \$9,015,961 and \$9,039,348 as of June 30, 2023 and 2022, respectively.

Compared to prior year, net position of the Agency decreased 0.26% and increased 9.83% or \$23,387 and \$809,207, respectively. The Agency's total net position is made up of three components: (1) net investment in capital assets, (2) restricted net position – Goat Mountain capital assets, and (3) unrestricted net position.

By far the largest portion of the Agency's net position (38.7% and 41.2% as of June 30, 2023 and 2022, respectively) reflects the Agency's investment in capital assets (net of accumulated depreciation) less any related debt used to acquire those assets that is still outstanding. The Agency uses these capital assets to provide services to customers within the Agency's service area; consequently, these assets are *not* available for future spending.

At the end of fiscal year 2023 and 2022, the Agency showed a positive balance in its unrestricted net position of \$5,108,373 and \$4,971,063, respectively, which may be utilized in future years.

A closer examination of the sources of changes in net position reveals that:

In fiscal year 2023, the Agency's total revenues decreased by 6.19% or \$160,007 to \$2,426,765. Operating revenues decreased by 9.07% or \$203,214 to \$2,037,166, primarily due to a decrease in other charges of \$257,144, offset by increases in basic service charges of \$46,923, and water consumption sales of \$7,007 as compared to the prior year. In fiscal year 2022, the Agency's total revenues decreased by 11.16% or \$325,081 to \$2,586,772. Operating revenues decreased by 7.91% or \$192,539 to \$2,240,380, primarily due to a decrease in water sales of \$494,198, offset by increases in other charges of \$264,300 and basic service charges of \$37,359 as compared to the prior year.

In fiscal year 2023, non-operating revenues increased by 18.96% or \$51,652 to \$324,051, primarily due to increases in interest earnings of \$55,566, property taxes of \$33,176, gain on asset disposal of \$4,358, offset by a decrease in other non-operating revenues of \$41,448 as compared to the prior year. In fiscal year 2022, non-operating revenues increased by 7.39% or \$18,752 to \$272,399, primarily due to increases in other non-operating revenues of \$46,845, offset by decreases in interest earnings of \$20,610 and property taxes of \$7,417 as compared to the prior year.

In fiscal year 2023, the Agency's capital contributions decreased by 11.14% or \$8,445 to \$65,548. Capital contributions were comprised of grant revenues of \$47,918 and meter sales and installations of \$17,630. In fiscal year 2022, the Agency's capital contributions decreased by 67.16% or \$151,294 to \$73,993. Capital contributions were comprised of grant revenues of \$29,318 and meter sales and installations of \$44,675.

				XV		

A closer examination of the sources of changes in net position reveals that:

In fiscal year 2023, the Agency's total expenses increased by 37.84% or \$672,587 to \$2,450,152. Operating expenses including depreciation expense increased by 38.50% or \$680,962 to \$2,449,868, due to increases in transmission and distribution of \$419,021, of which \$246,706 is due to actuarial changes to the pension liability and in general and administrative of \$287,852, of which \$256,780 is due to actuarial determined changes in the pension liability, offset by a decrease in depreciation of \$25,911 as compared to the prior year. In fiscal year 2022, the Agency's total expenses decreased by 15.12% or \$316,706 to \$1,777,565. Operating expenses including depreciation expense decreased 15.53% or \$325,332 to \$1,768,906, due to decreases in general and administrative of \$238,715, transmission and distribution of \$52,761, and depreciation of \$33,856 as compared to the prior year.

In fiscal year 2023, the Agency's non-operating expenses decreased by 96.72% or \$8,375 to \$284 primarily due to prior year investment expense, net of year-end fair value adjustment. In fiscal year 2022, the Agency's non-operating expenses increased by \$8,626 to \$8,659 primarily due to investment expense net of fair value adjustment at year-end.

Capital Asset Administration

Changes in capital assets in 2023 were as follows:

	_	Balance 2022	Additions/ Transfers	Deletions/ Transfers	Balance 2023	
Capital assets:						
Non-depreciable and						
amortizable assets	\$	124,600	151,100	(141,241)	134,459	
Depreciable and						
amortizable assets		11,862,952	125,029	(28,889)	11,959,092	
Accumulated depreciation					4	
and amortization	_	(8,252,929)	(371,289)	28,547	(8,595,671)	
Total capital assets	\$	3,734,623	(95,160)	(141,583)	3,497,880	
Changes in capital assets in 2022 were as follows:						

	_	As Restated Balance 2021	Additions/ Transfers	Deletions/ Transfers	Balance 2022
Capital assets:					
Non-depreciable and amortizable assets	\$	132,955	136,434	(144,789)	124,600
Depreciable and amortizable assets		11,718,163	144,789	-	11,862,952
Accumulated depreciation and amortization		(7,855,729)	(397,200)		(8,252,929)
Total capital assets	\$	3,995,389	(115,977)	(144,789)	3,734,623

At the end of fiscal year 2023 and 2022, the Agency's investment in capital assets amounted to \$3,497,880 and \$3,734,623, respectively (net of accumulated depreciation). This investment in capital assets includes land, construction-in-process, water system, organization, office building, mobile equipment, office equipment, yards, fuel station, and shop equipment. See note 4 for further information.

Debt Administration

Changes in long-term debt amounts for 2023 were as follows:

	_	Balance 2022	Additions	Principal Payments/	Balance 2023
Lease payable:					
Equpiment lease payable	\$	10,563		(2,416)	8,147
Total long-term debt	\$	10,563		(2,416)	8,147

Page 35 of 143 Bighorn Desert View Water Agency Management's Discussion and Analysis, continued For the Fiscal Years Ended June 30, 2023 and 2022

Debt Administration, continued

Changes in long-term debt amounts for 2022 were as follows:

	_	As Restated Balance 2021	Additions	Principal Payments/	Balance 2022
Lease payable:					
Equpiment lease payable	\$_	12,908		(2,345)	10,563
Total long-term debt	\$ _	12,908		(2,345)	10,563

See note 8 for further information.

Conditions Affecting Current Financial Position

Management is unaware of any conditions, which could have a significant impact on the Agency's current financial position, net position, or operating results in terms of past, present, and future periods.

Requests for Information

This financial report is designed to provide the Agency's present users, including funding sources, customers, stakeholders, and other interested parties with a general overview of the Agency's finances and to demonstrate the Agency's accountability with an overview of the Agency's financial operations and financial condition. Should the reader have questions regarding the information included in this report or wish to request additional financial information, please contact the Agency's General Manager, Marina West at Bighorn Desert View Water Agency at 622 S. Jemez Trail, Yucca Valley, California 92284 or (760) 364-2315.

Page 42 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies

A. Organization and Operations of the Reporting Entity

The Bighorn Desert View Water Agency (Agency) was formed in 1990 upon approved consolidation of the Bighorn Mountains Water Agency (established in 1969) and the Desert View Water District (established in 1964) by the San Bernardino County Board of Supervisors. The Agency provides water and water related services to the population within the Agency's boundaries. Accordingly, the Agency is authorized to finance, construct, operate and maintain a water transmission and distribution system to benefit this population. There are 2,552 connections within the Agency's boundaries which encompass approximately fifty-two (52) square miles.

The criteria used in determining the scope of the financial reporting entity is based on the provisions of Governmental Accounting Statements No. 61, *The Financial Reporting Entity*. The Agency is the primary governmental unit based on the foundation of a separately elected governing board that is elected by the citizens in a general popular election. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The Agency is financially accountable if it appoints a voting majority of the organization's governing body and: 1) It is able to impose its will on that organization, or 2) There is a potential for the organization to provide specific financial burdens on, the primary government.

B. Basis of Accounting and Measurement Focus

The Agency reports its activities as an enterprise fund, which is used to account for operations that are financed and operated in a manner similar to a private business enterprise, where the intent of the Agency is that the costs of providing water to its service area on a continuing basis be financed or recovered primarily through user charges (water sales), capital grants and similar funding. Revenues and expenses are recognized on the full accrual basis of accounting. Revenues are recognized in the accounting period in which they are earned and expenses are recognized in the period incurred, regardless of when the related cash flows take place.

Operating revenues and expenses, such as water sales and water purchases, result from exchange transactions associated with the principal activity of the Agency. Exchange transactions are those in which each party receives and gives up essentially equal values. Management, administration, and depreciation expenses are also considered operating expenses. Other revenues and expenses not included in the above categories are reported as non-operating revenues and expenses.

C. Financial Reporting

The Agency's basic financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP), as applied to enterprise funds. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The Agency solely operates as a special-purpose government which means it is only engaged in business-type activities; accordingly, activities are reported in the Agency's proprietary fund.

Page 43 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

C. Financial Reporting, continued

The Agency has adopted the following GASB pronouncements in the current year:

Governmental Accounting Standards Board Statement No. 91

In May 2019, the GASB issued Statement No. 91 – *Conduit Debt Obligations*. The primary objectives of this Statement are to provide a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures.

This Statement also addresses arrangements—often characterized as leases—that are associated with conduit debt obligations. In those arrangements, capital assets are constructed or acquired with the proceeds of a conduit debt obligation and used by third-party obligors in the course of their activities. Payments from third-party obligors are intended to cover and coincide with debt service payments. During those arrangements, issuers retain the titles to the capital assets. Those titles may or may not pass to the obligors at the end of the arrangements.

This Statement requires issuers to disclose general information about their conduit debt obligations, organized by type of commitment, including the aggregate outstanding principal amount of the issuers' conduit debt obligations and a description of each type of commitment. Issuers that recognize liabilities related to supporting the debt service of conduit debt obligations also should disclose information about the amount recognized and how the liabilities changed during the reporting period.

The requirements of this Statement were effective for reporting periods beginning after December 15, 2020; however, in light of the COVID-19 pandemic, the effective date has been postponed by one year. Earlier application is encouraged.

Governmental Accounting Standards Board Statement No. 93

In March 2020, the GASB issued Statement No. 93 – *Replacement of Interbank Offered Rates*. The objective of this Statement is to address accounting and financial reporting implications that result from the replacement of an IBOR. This Statement achieves that objective by: (1) Providing exceptions for certain hedging derivative instruments to the hedge accounting termination provisions when an IBOR is replaced as the reference rate of the hedging derivative instrument's variable payment; (2) Clarifying the hedge accounting termination provisions when a hedged item is amended to replace the reference rate; (3) Clarifying that the uncertainty related to the continued availability of IBORs does not, by itself, affect the assessment of whether the occurrence of a hedged expected transaction is probable; (4) Removing LIBOR as an appropriate benchmark interest rate for the qualitative evaluation of the effective Federal Funds Rate as appropriate benchmark interest rates for the qualitative evaluation of the effectiveness of an interest rate swap; (6) Clarifying the definition of reference rate, as it is used in Statement 53, as amended; and (7) Providing an exception to the lease modifications guidance in Statement 87, as amended, for certain lease contracts that are amended solely to replace an IBOR as the rate upon which variable payments depend.

The requirements of this Statement were effective as follows: (1) The removal of LIBOR as an appropriate benchmark interest rate is effective for reporting periods ending after December 31, 2021; and (2) All other requirements of this Statement are effective for reporting periods beginning after June 15, 2020; however, in light of the COVID-19 pandemic, the effective dates have been postponed by one year. Earlier application is encouraged.

Page 44 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

C. Financial Reporting, continued

Governmental Accounting Standards Board Statement No. 94

In March 2020, the GASB issued Statement No. 94 – *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*. The primary objective of this Statement is to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements (PPPs). As used in this Statement, a PPP is an arrangement in which a government (the transferor) contracts with an operator (a governmental or nongovernmental entity) to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset (the underlying PPP asset), for a period of time in an exchange or exchange-like transaction. Some PPPs meet the definition of a service concession arrangement (SCA), which the Board defines in this Statement as a PPP in which (1) the operator collects and is compensated by fees from third parties; (2) the transferor determines or has the ability to modify or approve which services the operator is required to provide, to whom the operator is required to provide the services, and the prices or rates that can be charged for the services; and (3) the transferor is entitled to significant residual interest in the service utility of the underlying PPP asset at the end of the arrangement.

This Statement also provides guidance for accounting and financial reporting for availability payment arrangements (APAs). As defined in this Statement, an APA is an arrangement in which a government compensates an operator for services that may include designing, constructing, financing, maintaining, or operating an underlying nonfinancial asset for a period of time in an exchange or exchange-like transaction.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged.

Governmental Accounting Standards Board Statement No. 96

In May 2020, the GASB issued Statement No. 96 – *Subscription-Based Information Technology Arrangements*. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended.

The requirements of this Statement are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter. Earlier application is encouraged.

Page 45 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

C. Financial Reporting, continued

Governmental Accounting Standards Board Statement No. 97

In June 2020, the GASB issued Statement No. 97 – Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans—an amendment of GASB Statements No. 41 and No. 84, and a supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans.

The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit. the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement. The Board considered the effective dates for the requirements of this Statement in light of the COVID-19 pandemic and in concert with Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance.

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position

1. Use of Estimates

The preparation of the basic financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported changes in net position during the reporting period. Actual results could differ from those estimates.

2. Cash and Cash Equivalents

Substantially all of the Agency's cash is invested in interest bearing accounts. The Agency considers all highly liquid investments with maturities of three months or less at the time of purchase to be cash equivalents.

Page 46 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position, continued

3. Investments and Investment Policy

The Agency has adopted an investment policy directing the General Manager to deposit and invest funds in financial institutions in accordance with California Government Code section 53600. The investment policy applies to all financial assets and investment activities of the Agency.

Changes in fair value that occur during a fiscal year are recognized as investment income reported for that fiscal year. Investment income includes interest earnings, changes in fair value, and any gains or losses realized upon the liquidation or sale of investments.

4. Fair Value Measurements

The Agency categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset, as follows:

- Level 1 This valuation level is based on quoted prices in active markets for identical assets.
- *Level 2* This valuation level is based on directly observable and indirectly observable inputs. These inputs are derived principally from or corroborated by observable market data through correlation or market-corroborated inputs. The concept of market-corroborated inputs incorporates observable market data such as interest rates and yield curves that are observable at commonly quoted intervals.
- *Level 3* This valuation level is based on unobservable inputs where assumptions are made based on factors such as prepayment rates, probability of defaults, loss severity and other assumptions that are internally generated and cannot be observed in the market.

5. Restricted Assets

Restricted assets are financial resources generated for a specific purpose such as capital projects, debt service, or on behalf of employee benefits (Section 115 Trust). These assets are for the benefit of a specified purpose and, as such, are legally or contractually restricted by an external third-party agreement.

6. Accounts Receivable

The Agency extends credit to customers in the normal course of operations. Management has evaluated the accounts and believes all accounts are collectible at June 30. When management deems customer accounts uncollectible, the Agency uses the direct write off method for the write-off those accounts to bad debt expense.

7. Property Taxes and Assessments

The County of San Bernardino Assessor's Office assesses all real and personal property within the County each year. The County of San Bernardino Tax Collector's Offices bills and collects the Agency's share of property taxes and assessments. The County of San Bernardino Treasurer's Office remits current and delinquent property tax collections to the Agency throughout the year. Property tax in California is levied in accordance with Article 13A of the State Constitution at one percent (1%) of countywide assessed valuations.

Page 47 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position, continued

7. Property Taxes and Assessments, continued

Property taxes receivable at year-end are related to property taxes collected by the County of San Bernardino, which have not been credited to the Agency's cash balance as of June 30. The property tax calendar is as follows:

Lien date	March 1
Levy date	July 1
Due dates	November 1 and March 1
Collection dates	December 10 and April 10

8. Lease Receivable / Payable

Leases receivable / payable are measured at the present value of payments expected to be received during the lease term.

9. Water-in-storage Inventory

Water-in-storage inventory consists primarily of water purchased and held in storage with Mojave Water Agency (MWA), the Agency's State Water Project wholesaler. In 2023 and 2022, the Agency purchased 60 and 70 acre-feet of State Water Project water through the MWA, respectively. At June 30, 2023 and 2022, the Agency has a total of 680 acre feet and 620 acre feet in water-in-storage valued using an average cost of \$623 and \$662 per acre foot, respectively.

10. Materials and Supplies Inventory

Materials and supplies inventory consists primarily of water meters, pipe and pipefittings for construction and repair to the Agency's water transmission and distribution system. Inventory is valued at cost using the first-in first-out method. Inventory items are charged to expense at the time that individual items are withdrawn from inventory or consumed.

11. Prepaid Expenses

Certain payments to vendors reflects costs or deposits applicable to future accounting periods and are recorded as prepaid items in the basic financial statements.

12. Capital Assets

Capital assets acquired and/or constructed are capitalized at historical cost. Agency policy has set the capitalization threshold for reporting capital assets at \$5,000. Donated assets are recorded at acquisition value at the date of donation. Capital assets received in service concession arrangements are reported at acquisition value. Upon retirement or other disposition of capital assets, the cost and related accumulated depreciation are removed from the respective balances and any gains or losses are recognized.

Page 48 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position, continued

12. Capital Assets, continued

Depreciation is recorded on a straight-line basis over the estimated useful lives of the assets as follows:

- Water system 10 to 50 years
- Organization 50 years
- Office building 5 to 50 years
- Mobile equipment 5 to 10 years
- Office equipment 5 to 10 years
- Yards -10 to 50 years
- Fuel station 10 to 50 years
- Shop equipment 5 to 10 years

Equipment leases are amortized on a straight-line basis over the life of the lease.

13. Deferred Outflows of Resources

The statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of resources applicable to future periods and therefore will *not* be recognized as an outflow of resources (expenditure) until that time. The Agency has the following pension related items that qualify for reporting in this category:

- Deferred outflow which is equal to the employer contributions made after the measurement date of the net pension liability. This amount will be amortized-in-full against the net pension liability in the next fiscal year.
- Deferred outflow for the net differences between the actual and expected experience which will be amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the Plan.
- Deferred outflow for the changes in assumptions which will be amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the Plan.
- Deferred outflow for the net difference in projected and actual earnings on investments of the pension plans fiduciary net position. This amount is amortized over a 5 year period.
- Deferred outflow for the net differences in actual and proportionate share of employer contribution and net changes in proportion which will be amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the Plan.
- Deferred outflow for the net adjustment due to differences in the changes in proportions of the net pension liability which will be amortized over a closed period equal to the average of the expected remaining service lives of all employees that are provided with pensions through the Plan.

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position, continued

14. Compensated Absences

The Agency's policy is to permit employees to accumulate vacation and sick leave. No employee is allowed to accrue vacation leave hours in excess of: one hundred sixty (160) hours for years one (1) through four (4); two hundred forty (240) hours for years five (5) through ten (10); three hundred twenty (320) hours for years eleven (11) and greater. Payment of unused vacation shall not reduce the accrual balance to less than fifty percent (50%) of the accrued vacation balance hours. All employees are allowed unlimited sick leave accrual. Employees are entitled to 50% payment for any accrued but unused sick leave in excess of two hundred (200) hours.

15. Pensions

For purposes of measuring the net pension liability and deferred outflows/inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Agency's California Public Employees' Retirement System (CalPERS) plans (Plans) and addition to/deduction from the Plans' fiduciary net position have been determined on the same basis as they are reported by CalPERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

GASB 68 requires that the reported results must pertain to liability and asset information within certain defined timeframes. For this report, the following timeframes are used:

- Valuation Dates: June 30, 2021 and 2020
- Measurement Dates: June 30, 2022 and 2021
- Measurement Periods: July 1, 2021 to June 30, 2022 and July 1, 2020 to June 30, 2021

16. Deferred Inflows of Resources

The statement of net position will sometimes report a separate section for deferred inflows of resources. This financial statement element, *deferred inflows of resources*, represents an acquisition of resources applicable to future periods and therefore, will *not* be recognized as an inflow of resources (revenue) until that time. As of June 30, 2023, the Agency have any items that qualified for reporting in this category.

17. Net Position

The financial statements utilize a net position presentation. Net position is categorized as follows:

- Net Investment in Capital Assets Investment in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and amortization, and reduced by outstanding balances of any debt, or other long-term borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- **Restricted** Restricted consists of assets that have restrictions placed upon their use by external constraints imposed either by creditors (debt covenants), grantors, contributors, or laws and regulations of other governments or constraints imposed by law through enabling legislation.
- Unrestricted Unrestricted consists of the net amount of assets, deferred outflows of resources, liabilities, and deferred inflows of resources that are not included in the determination of the net investment in capital assets or restricted component of net position.

(1) Reporting Entity and Summary of Significant Accounting Policies, continued

D. Assets, Deferred Outflows, Liabilities, Deferred Inflows, and Net Position, continued

18. Water Sales

Water sales are billed on a bi-monthly cyclical basis and recognize the respective revenues when they are earned.

19. Capital Contributions

Capital contributions represent cash and capital asset additions contributed to the Agency by property owners, granting agencies or real estate developers desiring services that require capital expenditures or capacity commitment.

20. Capital Grants

When a grant agreement is approved and eligible expenditures are incurred, the amount is recorded as a capital or operating grant receivable on the statement of net position and as capital grant contribution or operating grant revenue, as appropriate, on the statement of revenues, expenses and changes in net position.

21. Budgetary Policies

The Agency adopts an annual non-appropriated budget for planning, control, and evaluation purposes. Budgetary control and evaluation are affected by comparisons of actual revenues and expenses with planned revenues and expenses for the period. Encumbrance accounting is not used to account for commitments related to unperformed contracts for construction and services.

(2) Cash and Cash Equivalents

Cash and cash equivalents as of June 30, are classified in the accompanying financial statements as follows:

~~~~~	_	2023	2022
Cash and cash equivalents	\$	4,948,552	4,581,692
Cash and cash equivalents - restricted		242,232	234,450
Total cash and cash equivalents	_	5,190,784	4,816,142

Cash and cash equivalents as of June 30, consist of the following:

	 2023	2022
Cash on hand	\$ 1,550	1,550
Deposits with financial institutions	2,988,373	4,049,463
Deposits in Public Agency Retirement System (PARS)	242,232	234,450
Investments	 1,958,629	530,679
Total	\$ 5,190,784	4,816,142

# Page 51 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (2) Cash and Cash Equivalents, continued

As of June 30, the Agency's authorized deposits had the following average maturities:

	2023	2022
Deposits in Local Agency Investment Fund (LAIF)	260 days	311 days

#### Investments Authorized by the California Government Code and the Agency's Investment Policy

The table below identifies the investment types that are authorized by the Agency in accordance with the California Government Code (or the Agency's investment policy, where more restrictive). The table also identifies certain provisions of the California Government Code (or the Agency's investment policy, where more restrictive) that address interest rate risk, credit risk, and concentration of credit risk.

• 7

		Maximum	Maximum
Authorized	Maximum	Percentage	Investment
Investment Type	Maturity	Of Portfolio	in One Issuer
U.S. Treasury obligations	5 years	None	None
Federal agency and bank obligations	5 years	None	None
Certificates-of-deposit (negotiable or placed)	5 years	30%	None
Commercial paper (prime)	270 days	25%	10%
Money market mutual funds	N/A	20%	None
State and local bonds, notes and warrants	N/A	None	None
California Local Agency Investment Fund (LAIF)	N/A	None	None

# Investment in State Investment Pool

The Agency is a voluntary participant in the Local Agency Investment Fund (LAIF) that is regulated by the California Government Code Section 16429 and is under the management of the Treasurer of the State of California with oversight provided by the Local Agency Investment Advisory Board. The fair value of the Agency's investment in this pool is reported in the accompanying financial statements at amounts based upon the Agency's pro-rata share of the fair value provided by LAIF for the entire LAIF portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by LAIF, which are recorded on an amortized cost basis. Bank balances are secured by the pledging of a pool of eligible securities to collateralize the Agency's deposits with the bank in accordance with the Code.

The pool portfolio is invested in a manner that meets the maturity, quality, diversification, and liquidity requirements set forth by GASB 79 for external investment pools that elect to measure, for financial reporting purposes, investments at amortized cost. LAIF does not have any legally binding guarantees of share values. LAIF does not impose liquidity fees or redemption gates on participant withdrawals.

#### Custodial Credit Risk

Custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, a government will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of an outside party. The California Government Code and the Agency's investment policy does not contain legal or policy requirements that would limit the exposure to custodial credit risk for deposits, other than the following provision for deposits.

# Page 52 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (2) Cash and Cash Equivalents, continued

#### Custodial Credit Risk, continued

The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110% of the total amount deposited by the public agencies. Of the bank balances, up to \$250,000 held at each institution were federally insured and the remaining balance is collateralized in accordance with the Code; however, the collateralized securities are not held in the Agency's name.

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty (e.g., broker-dealer) to a transaction, a government will not be able to recover the value of its investment or collateral securities that are in the possession of another party. The Code and the Agency's investment policy contain legal and policy requirements that would limit the exposure to custodial credit risk for investments. With respect to investments, custodial credit risk generally applies only to direct investments in marketable securities. Custodial credit risk does not apply to a local government's indirect investment in securities through the use of mutual funds or government investment pools (such as LAIF and the Pool).

#### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to change with market interest rates. One of the ways that the Agency manages its exposure to interest rate risk is by purchasing a combination of shorter term and longer-term investments, and by timing cash flows from maturities so that a portion of the portfolio matures or comes close to maturity evenly over time as necessary to provide for cash flow requirements and liquidity needed for operations.

At June 30, 2023 and 2022, the Agency's investments held to maturity were categorized as twelve months or less, respectively.

Credit ratings as of June 30, 2023, were as follows:

			Minimum	Exempt	
		June 30,	Legal	from	Ratings
Investment type		2023	Rating	Disclosure	AA+ to AA-
California Local Agency Investment Fund	\$	6,819	N/A	6,819	-
Certificates-of-deposit		1,250,000		1,250,000	-
Money market mutual fund	-	701,810	Aaa		701,810
Total	\$	1,958,629		1,256,819	701,810

Credit ratings as of June 30, 2022, were as follows:

		Minimum	Exempt	
Investment type	 Amount	Legal Rating	from Disclosure	Ratings AA+ to AA-
California Local Agency Investment Fund	\$ 530,679	N/A	530,679	
Total	\$ 530,679		530,679	

# Page 53 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (2) Cash and Cash Equivalents, continued

#### **Concentration of Credit Risk**

The Agency's investment policy contains no limitations on the amounts that can be invested in any one issuer as beyond that stipulated by the California Government Code. There were no investments in any one issuer (other than for external investment pools) that represent 5% or more of total Agency's investments at June 30, 2023 and 2022.

#### Fair Value Measurements

Assets measured at fair value on a recurring basis, based on their fair value hierarchy at June 30, 2023, are as follows:

			Fair Va	lue Measurement	s Using
Investment type		June 30, 2023	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 1)	Significant Unobservable Inputs (Level 1)
Certificates-of-deposit	\$	1,250,000	<u> </u>	1,250,000	
Total investments measured at fair value		1,250,000		1,250,000	
Investments not subject to fair value hierarchy	у	(	$\cdot$		
Local Agency Investment Fund		6,819			
Money market mutual fund	_	701,810			
Total	\$ _	1,958,629			

At June 30, 2022, the Agency did not hold any investments which require measurement at fair value on a recurring and non-recurring basis.

# (3) Accounts Receivable – Long-term, net

Accounts receivable – long-term, net consists of property tax liens not yet collected by the County less an allowance for uncollectible based on analysis performed by the Agency. The balance at June 30 consists of the following:

101	2023		2022
Accounts receivable - long-term, net	\$	99,984	62,131
Allowance for uncollectible accounts		(6,500)	(6,500)
Accounts receivable - water sales, net	\$	93,484	55,631

# Page 54 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (4) Capital Assets

#### Construction-In-Process

The Agency has been involved in various construction projects throughout the year. The projects that comprise the construction-in-process balances at June 30, 2023 and 2022, were as follows:

		2023	2022	_
Various small projects und	ler \$25,000	\$ 38,265	34,595	_

Total capital assets, net \$	3,995,389			3,734,623

Major depreciable capital asset additions during fiscal year 2022 include additions to the water system and mobile equipment.

# Page 56 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (5) Compensated Absences

Compensated absences comprise unpaid paid time off that accrues when benefits are fully vested and are determined annually. Compensated absences turn-over each year, therefore, the compensated absence balance of the Agency is recorded as a liability on the Statement of Net Position.

The changes to compensated absences balances at June 30, 2023 were as follows:

	Balance			Balance	Due Within	Due in More
-	2022	Earned	Taken	2023	One Year	Than One Year
\$	114,981	83,008	(53,609)	144,380	43,314	101,066

The changes to compensated absences balances at June 30, 2022 were as follows:

Balance 2021	Earned	Taken	Balance 2022	Due Within One Year	Due in More Than One Year
\$ 98,305	72,293	(55,617)	114,981	34,494	80,487

# (6) Tax Liability – County

# Tax Liability – County of San Bernardino

On August 20, 2018, the Agency received notification from the County of San Bernardino Auditor-Controller/Treasurer/Tax Collector's office, (County) that the County had overpaid \$130,183 in unitary tax allocations to Bighorn-Desert View Water Agency Improvement Agency 1 (Bighorn Mountains). The error was a result of the manner in which the County calculated the distribution of the Unitary Tax Allocation. The error was discovered in an audit of the County by the State Controller's Office which required fiscal year 2005 to be "restated" and which led to a subsequent correction in the fiscal years that followed. While the Agency was "overpaid", other entities were "underpaid". The County of San Bernardino is responsible to reallocate the monies correctly. As a result, during the fiscal year ended June 30, 2018, the Agency adjusted its net position.

The County agreed to provide the Agency a 5-year payment schedule beginning in fiscal year June 30, 2020. The future payments will be accounted for in the tax allocations rather than through direct payment to the County Tax Collector.

Annual payments are as follows:

<b>Fiscal Year</b>	Liability
2024	\$ 10,849
Total	10,849
Less current	(10,849)
Total non-current	\$ 

# Page 57 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (7) Morongo Basin – IDM Pipeline Liability

During fiscal year 2020, the Agency was notified by the Mojave Water Agency (MWA) that it maintained sufficient debt service reserves and further tax apportionments would be terminated. MWA projected the final debt service payment for each IDM pipeline participant based on the percentage share of the pipeline that would be required in May 2022. Of the total final projected payment of \$628,136, the Agency's share is calculated at 10% or \$62,814. During 2022 the Agency was notified by MWA that its last remaining liability was \$34,162, which was paid in May 2022. The remaining balance of \$34,162 was written off accordingly by the Agency.

# (8) Long-term Debt

Changes in long-term debt for the year ended June 30, 2023 are as follows:

	_	Balance 2022	Additions	Payments/ Amortization	Balance 2023
Lease payable:					
Equipment lease	\$	10,563		(2,416)	8,147
Total lease payable	_	10,563		(2,416)	8,147
Less: current portion due	_	(2,416)	X		(2,490)
Long-term portion due	\$	8,147			5,657

Changes in long-term debt for the year ended June 30, 2022 are as follows:

	As Restated			
	Balance	)	Payments/	Balance
	2021	Additions	Amortization	2022
Lease payable:	~ 0 ×			
Equipment lease \$	12,908		(2,345)	10,563
Total lease payable	12,908		(2,345)	10,563
Less: current portion due	(2,345)			(2,416)
Long-term portion due \$	10,563			8,147

# Equipment Lease Payable

On June 16, 2021, the Agency entered into an agreement with Xerox Financial Services, LLC, (Xerox), to lease copier equipment for use in the District's administrative office. Terms of the agreement commenced on June 16, 2021, for a period of 63 months, with rent due monthly at \$225 per month for the entire lease term.

Following the guidelines set forth by *GASB Statement No.* 87, the Agency has recorded a right-to-use asset and a lease payable at present value with an implicit rate of 3.00%. The right-to-use asset is amortized on a straight-line basis over the term of the lease.

# Page 58 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

#### (8) Long-term Debt, continued

#### Equipment Lease Payable, continued

Annual lease payments are as follows:

Year	Principal	Interest	Total
2024 \$	2,490	210	2,700
2025	2,565	135	2,700
2026	2,643	57	2,700
2027	449	2	451
Total	8,147	404	8,551
Less: current	(2,490)		
Long-term \$	5,657		-

# (9) Defined Benefit Pension Plan

#### **Plan Description**

All qualified permanent and probationary employees are eligible to participate in the Agency's Miscellaneous Employee Pension Plan, cost-sharing multiple employer defined benefit pension plans administered by the California Public Employees' Retirement System (CalPERS). Benefit provisions under the Plan are established by State statute and the Agency's resolution. CalPERS issues publicly available reports that include a full description of the pension plan regarding benefit provisions, assumptions and membership information that can be found on the CalPERS website.

#### Benefits provided

CalPERS provides service retirement and disability benefits, annual cost of living adjustments and death benefits to plan members, who must be public employees and beneficiaries. Benefits are based on years of credited service, equal to one year of full-time employment. Members with five years of total service are eligible to retire at age 50 with statutorily reduced benefits. The death benefit is the 1957 Survivor Benefit. The cost-of-living adjustments for each plan are applied as specified by the Public Employees' Retirement Law.

On September 12, 2012, the California Governor signed the California Public Employees' Pension Reform Act of 2013 (PEPRA) into law. PEPRA took effect January 1, 2013. The new legislation closed the Agency's CalPERS 3.0% at 60 Risk Pool Retirement Plan to new employee entrants effective December 31, 2012. All employees hired after January 1, 2013, are eligible for the Agency's CalPERS 2.0% at 62 Retirement Plan under PEPRA. New employees that have previously participated in the Classic Plan are eligible for the Agency's CalPERS 3.0% at 60 Retirement Plan.

# Page 59 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (9) Defined Benefit Pension Plan, continued

#### Benefits provided, continued

The Plans' provision and benefits in effect at June 30, 2023, are summarized as follows:

	<b>Miscellaneous Plan Pool</b>		
	Classic	PEPRA	
	Prior to		
	December 31,	On or after	
Hire date	2012	January 1, 2013

compensation	2.0% to 3.0%	2.0% to 2.5%	
Required employer contribution rates	9.924%	7.470%	
Required employee contribution rates	13.326%	6.750%	
e de la companya de l			

#### **Contributions**

Section 20814(c) of the California Public Employees' Retirement Law requires that the employer contribution rates, for all public employers, be determined on an annual basis by the actuary and shall be effective on July 1, following notice of the change in rate. Funding contributions for the Plan is determined annually on an actuarial basis as of June 30 by CalPERS.

The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The Agency is required to contribute the difference between the actuarially determined rate and the contribution rate of employees.

As of the fiscal year ended June 30, the contributions for the Plan were as follows:

	 2023	2022
Contributions – employer	\$ 104,560	90,376

# Net Pension Liability

As of June 30, the Agency reported net pension liabilities for its proportionate share of the net pension liability of the Plan as follows:

	_	2023	2022
Proportionate share of net pension liability	\$	617,891	93,861

# Page 60 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (9) Defined Benefit Pension Plan, continued

#### Net Pension Liability, continued

The Agency's net pension liability for the Plan is measured as the proportionate share of the net pension liability for the miscellaneous risk pool. As of the fiscal years ended June 30, 2023 and 2022, the net pension liability of the Plan is measured as of June 30, 2022 and 2021 (the measurement dates), respectively. The total pension liability for the Plan's miscellaneous risk pool used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2021 and 2020 (the valuation dates), rolled forward to June 30, 2022 and 2021, respectively, using standard update procedures. The Agency's proportion of the net pension liability was based on a projection of the Agency's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined.

The Agency's proportionate share of the net pension liability for the Plan's miscellaneous risk pool as of the fiscal year ended June 30, 2023, was as follows:

**Miscellaneous Plan** 

0174%
0361%
0535%

The Agency's proportionate share of the net pension liability for the Plan's miscellaneous risk pool as of the fiscal year ended June 30, 2022, was as follows:

CV.	M <u>iscellaneous Pl</u> an
Proportion – June 30, 2021	0.00646%
Increase in proportion	-0.00472%
Proportion – June 30, 2022	0.00174%
Norkine	

# Page 61 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

#### (9) Defined Benefit Pension Plan, continued

#### Deferred Outflows/Inflows of Resources Related to Pensions

For the fiscal years ended June 30, 2023 and 2022, the Agency recognized pension income and expense of \$322,236 and \$195,437, respectively.

As of June 30, the Agency reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

		2	2023	2022		
	-	Deferred	Deferred	Deferred	Deferred	
		<b>Outflows of</b>	Inflows of	Outflows of	Inflows of	
Description		Resources	Resources	Resources	Resources	
Pension contributions subsequent to the measurement date	\$	104,560	-	90,376	-	
Differences between actual and expected experience		4,098		10,525	-	
Changes in assumptions		63,316	XO	-	-	
Net differences between projected and actual earnings on plan investments		113,181	· ect	-	(81,933)	
Differences between actual contribution and proportionate share of contribution		41,757	102 -	152,970	-	
Net adjustment due to differences in proportions of net pension liability	-	25,253	<u> </u>		(126,127)	
Total	\$	352,165		253,871	(208,060)	

As of June 30, 2023 and 2022, the Agency reported \$104,560 and \$90,376, as deferred outflows of resources related to pension contributions subsequent to the measurement dates June 30, 2022 and 2021, and will be recognized as a reduction of the net pension liability for the year ended June 30, 2024 and 2023, respectively.

As of June 30, 2023 other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized as pension expense as follows:

Fiscal Year Ending June 30,	0	Deferred Net utflows/(Inflows) of Resources
2024	\$	82,486
2025		74,828
2026		46,798
2027		43,493
2028		-
Remaining		-

#### Actuarial Assumptions

The total pension liabilities in the June 30, 2021 and 2020, actuarial valuations were determined using the following actuarial assumptions and methods:

Valuation Dates	June 30, 2021 and 2020
Measurement Dates	June 30, 2022 and 2021
Actuarial cost method	Entry Age Normal in accordance with the requirements of GASB
	Statement No. 68
Actuarial assumptions:	
Discount rate	6.90%
Inflation	2022 and 2021 – 2.30% and 2.50%
Salary increases	Varies by Entry Age and Service
Investment Rate of Return	6.90 % Net of Pension Plan Investment and Administrative Expenses;
	includes inflation
Mortality Rate Table*	Derived using CalPERS' Membership Data for all Funds Contract
Period upon which actuarial	
Experience Survey assumptions	
were based	2022 and 2021 – 1997-2015
Post Retirement Benefit	2022 and 2021 – COLA up to 2.50% until Purchasing Power
	Protection Allowance Floor on Purchasing Power applies, 2.75%
	thereafter

* The mortality table used above was developed based on CalPERS' specific data. The table includes 20 years of mortality improvements using Society of Actuaries Scale BB. For more details on this table, please refer to the 2014 Experience Study report. Further details of the Experience Study can be found on the CalPERS website.

#### Discount Rate

At the measurement dates, June 30, 2022 and 2021, the discount rate used to measure the total pension liability was 6.90% for the Plan. The discount rate reflects the long-term expected rate of return for the Plan net of investment expenses and without reduction for administrative expenses. For the Plan, the crossover test was performed for a miscellaneous agent plan and a safety agent plan was selected as being more at risk of failing the crossover test and resulting in a discount rate that would be different from the long-term expected rate of return on pension investments. Based on the testing of the plans, the tests revealed the assets would not run out. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability for PERF C. The crossover test results can be found on CalPERS' website.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class.

# Page 63 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (9) Defined Benefit Pension Plan, continued

#### Discount Rate, continued

In determining the long-term expected rate of return, CalPERS took into account both short-term and long-term market return expectations as well as the expected pension fund cash flows. Using historical returns of all of the funds' asset classes, expected compound (geometric) returns were calculated over the short-term (first 10 years) and the long-term (11+ years) using a building-block approach. Using the expected nominal returns for both short-term and long-term, the present value of benefits was calculated for each fund. The expected rate of return was set by calculating the rounded single equivalent expected return that arrived at the same present value of benefits for cash flows as the one calculated using both short-term and long-term returns. The expected rate of return was then set to equal to the single equivalent rate calculated above and adjusted to account for assumed administrative expenses.

The table below reflects the long-term expected real rate of return by asset class. The rate of return was calculated using the capital market assumptions applied to determine the discount rate and asset allocation. These rates of return are net of administrative expenses.

As of June 30, 2023 and 2022, the target allocation and the long-term expected real rate of return by asset class is as follows:

	New	
	Strategic	<b>Real Return</b>
Asset Class	Allocation	Years 1-10*
Global Equity	50.0%	4.80%
Global Fixed Income	28.0%	1.00%
Inflation Sensitive	0.0%	0.77%
Private Equity	8.0%	6.30%
Real Estate	13.0%	3.75%
Liquidity	1.0%	0.00%
Total	100.0%	

#### Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount Rate

The following table presents the Agency's proportionate share of the net pension liability for the Plan, calculated using the discount rate for the Plan, as well as what the Agency's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one-percentage point lower or one-percentage point higher than the current rate.

As of June 30, 2023, the Agency's net pension liability at the current discount rate, using a discount rate that is one-percentage point lower, and using a discount rate that is one-percentage point higher, is as follows:

			Current	
		Discount	Discount	Discount
		Rate - 1%	Rate	Rate + 1%
	_	5.90%	6.90%	7.90%
Agency's Net Pension Liability	\$	1,128,714	617,891	197,608

# Page 64 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (9) Defined Benefit Pension Plan, continued

#### Sensitivity of the Proportionate Share of the Net Pension Liability to Changes in the Discount

As of June 30, 2022, the Agency's net pension liability at the current discount rate, using a discount rate that is one-percentage point lower, and using a discount rate that is one-percentage point higher, is as follows:

		Current			
		Discount	Discount	Discount	
		Rate - 1%	Rate	Rate + 1%	
	_	6.15%	7.15%	<b>8.15%</b>	
Agency's Net Pension Liability	\$ _	520,092	93,861	(258,500)	

# Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued CalPERS financial reports. See pages 54 and 55 for the Required Supplementary Information.

#### Payable to the Pension Plan

At June 30, 2023 and 2022, the Agency reported \$0 in payables for the outstanding amount of contribution to the pension plan, respectively.

#### (10) Section 115 Trust

In fiscal year 2019-20, the Agency's Board approved the creation of a Section 115 Trust Agreement with the Public Agency Retirement Services (PARS), Trustee and Trust Administrator. The Section 115 Trust was established as a means to set aside monies to fund the Agency's pension plan obligation. Contributions to the Section 115 Trust are irrevocable, the assets are dedicated to providing benefits to plan members, and the assets are protected from creditors of the Agency. The purpose of the creation of the Section 115 Trust was to address the Agency's pension obligations by accumulating assets to reduce the net pension liability. However, in accordance with generally accepted accounting principles, the assets in the Section 115 Trust are not considered to have present service capacity as plan assets and are therefore considered restricted assets of the Agency rather than pension plan assets. Accordingly, the Section 115 Trust's assets are recorded as restricted for pension benefits in the Agency's fund net position rather than assets of the pension plan during the measurement date of the net pension liability. The assets held in trust will be considered pension plan assets at the time they are transferred out of the Trust into the pension plan.

During the fiscal year ended June 30, 2023 and 2022, the Agency deposited \$0 and 100,000 into the Trust, respectively. During fiscal year ended June 30, 2023 and 2022, the Trust earned \$9,156 and \$27,741 in interest income and incurred \$1,374 and \$1,316 in bank fees, respectively. The Trust account balance on June 30, 2023 and 2022 amounted to \$242,232 and \$234,450, respectively.

# Page 65 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (11) Net Investment in Capital Assets

Calculation of net investment in capital assets was as of June 30 was as follows:

		2023	2022
Net investment in capital assets:			
Capital assets - not being depreciated	\$	134,459	124,600
Capital assets, net – not being			
depreciated or amortized		3,363,421	3,610,023
Lease payable – current portion		(2,490)	(2,416)
Lease payable – non-current portion	_	(5,657)	(8,147)
Total net investment in capital assets	\$	3,489,733	3,724,060

# (12) Restricted Net Position

On January 21, 2015, the Local Agency Formation Commission for San Bernardino County adopted Resolution No. 3194 which annexed the Goat Mountain (CSA 70 Zone W-1) water system to the Bighorn-Desert View water system. As part of this annexation, the Agency is required to maintain separate accounts and is therefore classified as restricted.

Calculation of restricted net position as of June 30 was as follows:

		2023	2022
Restricted net position:	))		
	Φ	175 (00	017 000
Goat Mountain capital assets	\$	175,623	217,300
Section 115 Trust – Pension benefits		242,232	234,450
Total restricted net position	\$	417,855	451,750

# (13) Unrestricted Net Position

Unrestricted net position as of June 30, were categorized as follows:

		2023	2022
Unrestricted net position:			
Non-spendable net position:			
Water-in-storage inventory	\$	393,410	356,030
Materials and supplies inventory		95,917	88,394
Prepaid expenses and other deposits		91,651	87,810
Total non-spendable net position	_	580,978	532,234
Spendable net position are as follows:			
Unrestricted	_	4,527,395	4,331,304
Total spendable net position	_	4,527,395	4,331,304
Total unrestricted net position	\$	5,108,373	4,863,538

# Page 66 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (14) Adjustments to Net Position

In fiscal year 2022, the Agency implemented GASB Statement No. 87 to recognize its lessee arrangement. The Agency did not have any lessor arrangements which required restatement. As a result of the implementation, the Agency recognized the lease asset, lease payable, amortization, interest expense, and recorded a prior period adjustment, a decrease to net position, of \$16 at June 30, 2021.

The adjustment to net position is as follows:

Net position at June 30, 2020	\$	7,412,559
Effect of adjustment for 2021 to remove previously recorded rental expense – equipment lease as a result of GASB 8	37	225
Effect of adjustment for 2021 to record interest expense – equipment lease as a result of GASB 87	e	(33)
Effect of adjustment for 2021 to record amortization expense – equipment lease as a result of GASB 87		(208)
Total adjustments to net position		(16)
Change in net position at June 30, 2021, as previously stated		817,598
Net position at June 30, 2021, as restated	\$	8,230,141

# (15) Morongo Basin Pipeline Water Delivery Costs

The Agency is a project participant in the Mojave Water Agency's Improvement Agency M State Water Project (Morongo Basin Project). The Mojave Water Agency was authorized to issue \$66,500,000 of general obligation bonds to build a pipeline connection from the State Water Project's California Aqueduct in Hesperia to the Morongo Basin. The project was completed in June 1996, and to date \$51,780,000 in bonded debt has been issued to cover the costs of the construction.

The Agency and the other project participants have agreed to pay their proportional portion of the construction, operation and financing costs of the entire project. The Agency's proportional share of the project is 10%.

The agreement is being treated as a 25-year operating lease since title to the pipeline connection assets will not be transferred to the Agency. As part of the agreement, the Agency is required to pay its portion of the lease (debt service on the project) annually. For fiscal year ended June 30, 2023 and 2022, the lease payment was \$0, respectively. During the fiscal year 2020, the Mojave Water Agency refinanced the general obligation bonds associated with the Morongo Basin Project. Due to refinance terms the Mojave Water Agency projects that the Agency will pay one final payment of \$62,814 due in fiscal year 2022. During 2022 the Agency was notified by MWA that its last remaining liability was \$28,652, which was paid in May 2022. As a result, the Agency wrote off the remaining balance of \$34,162.

# (16) Risk Management

The Agency is exposed to various risks of loss related to torts, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Agency has purchased its insurance coverage through CalMutuals Joint Powers Insurance Authority (JPRIMA), a public agency risk sharing joint powers authority created to serve the interests of water, sewer, irrigation, and other special service entities. The purpose of the JPRIMA is to arrange and administer programs of self-insured losses and to purchase excess insurance coverage.

# Page 67 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (16) Risk Management, continued

At June 30, 2023, the Agency participated in the liability and property programs of the JPRIMA as follows:

• General and auto liability, public officials and employees' errors and omissions: Total risk financing self-insurance limits of \$1,000,000, combined single limit at \$1,000,000 per occurrence. Deductibles: General Liability Property Damage - \$0, Auto Liability Property Damage - \$0. A \$10 million aggregate limit applies separately to general liability and public officials and employees' errors and omissions.

In addition, the Agency also has the following insurance coverage:

- Employee dishonesty coverage up to \$500,000 per loss includes public employee dishonesty, forgery or alteration and theft, disappearance, and destruction coverages.
- Property loss is paid at the replacement cost for property on file, if replaced within two years after the loss, otherwise paid on an actual cash value basis. A dedicated and separate limit of \$6,822,479 per occurrence, subject to a \$25,000 deductible per occurrence unless otherwise listed in declarations.
- Boiler and machinery coverage for the replacement cost up to \$6,822,479 dedicated and separate limit per occurrence, subject to a \$25,000 deductible per occurrence, unless other specific object or peril as listed on the declaration.
- Workers' compensation insurance up to statutory limits and Employer's Liability Coverage up to \$1 million.
- Excess liability insurance up to \$4 million per occurrence and aggregate, which on top of the general and auto liability and public and employees' errors and omissions and employers' liability coverage forms.

Settled claims have not exceeded any of the coverage amounts in any of the last three fiscal years. There were no reductions in insurance coverage in fiscal years 2023, 2022, and 2021. Liabilities are recorded when it is probable that a loss has been incurred and the amount of the loss can be reasonably estimated net of the respective insurance coverage. Liabilities include an amount for claims that have been incurred but not reported (IBNR). There were no IBNR claims payable as of June 30, 2023, 2022, and 2021.

# (17) Governmental Accounting Standards Board Statements Issued, Not Yet Effective

The Governmental Accounting Standards Board (GASB) has issued several pronouncements prior to June 30, 2023, that have effective dates that may impact future financial presentations.

#### Governmental Accounting Standards Board Statement No. 99

In April 2022, the GASB issued Statement No. 99 – *Omnibus 2022*. The objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees.

The requirements of this Statement will enhance comparability in the application of accounting and financial reporting requirements and will improve the consistency of authoritative literature. Consistent authoritative literature enables governments and other stakeholders to locate and apply the correct accounting and financial reporting provisions, which improves the consistency with which such provisions are applied. The comparability of financial statements also will improve as a result of this Statement. Better consistency and comparability improve the usefulness of information for users of state and local government financial statements.

# Page 68 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (17) Governmental Accounting Standards Board Statements Issued, Not Yet Effective, continued

#### Governmental Accounting Standards Board Statement No. 99, continued

The requirements of this Statement are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

#### Governmental Accounting Standards Board Statement No. 100

In June 2022, the GASB issued Statement No. 100 – Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62. The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability.

This Statement defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. As part of those descriptions, for (1) certain changes in accounting principles and (2) certain changes in accounting estimates that result from a change in measurement methodology, a new principle or methodology should be justified on the basis that it is preferable to the principle or methodology used before the change. That preferability should be based on the qualitative characteristics of financial reporting—understandability, reliability, relevance, timeliness, consistency, and comparability. This Statement also addresses corrections of errors in previously issued financial statements.

The requirements of this Statement will improve the clarity of the accounting and financial reporting requirements for accounting changes and error corrections, which will result in greater consistency in application in practice. In turn, more understandable, reliable, relevant, consistent, and comparable information will be provided to financial statement users for making decisions or assessing accountability. In addition, the display and note disclosure requirements will result in more consistent, decision useful, understandable, and comprehensive information for users about accounting changes and error corrections.

The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

#### Governmental Accounting Standards Board Statement No. 101

In June 2022, the GASB issued Statement No. 101 - Compensated Absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures.

# Page 69 of 143 Bighorn Desert View Water Agency Notes to the Basic Financial Statements, continued For the Fiscal Years Ended June 30, 2023 and 2022

# (17) Governmental Accounting Standards Board Statements Issued, Not Yet Effective, continued

#### Governmental Accounting Standards Board Statement No. 101, continued

This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. A liability should be recognized for leave that has not been used if (a) the leave is attributable to services already rendered, (b) the leave accumulates, and (c) the leave is more likely than not to be used for time off or otherwise paid in cash or settled through noncash means. Leave is attributable to services already rendered when an employee has performed the services required to earn the leave. Leave that accumulates is carried forward from the reporting period in which it is earned to a future reporting period during which it may be used for time off or otherwise paid or settled, a government should consider relevant factors such as employment policies related to compensated absences and historical information about the use or payment of compensated absences. However, leave that is more likely than not to be settled through conversion to defined benefit postemployment benefits should not be included in a liability for compensated absences.

The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. Earlier application is encouraged.

#### (18) Commitments and Contingencies

#### Grant Awards

Grant funds received by the Agency are subject to audit by the grantor agencies. Such an audit could lead to requests for reimbursements to the grantor agencies for expenditures disallowed under terms of the grant. Management of the Agency believes that such disallowances, if any, would not be significant.

#### Litigation

In the ordinary course of operations, the Agency is subject to claims and litigation from outside parties. After consultation with legal counsel, the Agency believes the ultimate outcome of such matters, if any, will not materially affect its financial condition.

# (19) Subsequent Events

Events occurring after June 30, 2023, have been evaluated for possible adjustment to the financial statements or disclosure as of November 14, 2023, which is the date the financial statements were available to be issued.

#### Notes to schedule:

There were no changes in benefits.

#### Changes in assumptions:

From fiscal year June 30, 2015 to June 30, 2016:

GASB 68, paragraph 68 states that the long-term expected rate of return should be determined net of pension plan investment expense but without reduction for pension plan

administrative expense. The discount rate of 7.50% used for the June 30, 2014 measurement date was net of administrative expenses.

inins. The discount rate of 7.65% used for the June 30, 2015 measurement date is without reduction of pension plan administartive expense.

From fiscal year June 30, 2016 to June 30, 2017:

There were no changes in assumptions.

From fiscal year June 30, 2017 to June 30, 2018:

The discount rate was reduced from 7.65% to 7.15%

From fiscal year June 30, 2018 to June 30, 2019: The inflation rate was reduced from 2.75% to 2.50%

From fiscal year June 30, 2019 to June 30, 2020: There were no changes in assumptions.

From fiscal year June 30, 2020 to June 30, 2021:

There were no changes in assumptions.

From fiscal year June 30, 2021 to June 30, 2022:

There were no changes in assumptions.

From fiscal year June 30, 2022 to June 30, 2023:

The discount rate was reduced from 7.15% to 6.90%

* The Agency has presented information for those years for which information is available until a full 10-year trend is compiled.

Bulk accounts are for individual's that haul their own water (routes 30-34) and commercial water haulers (route 35 and 36). Commercial billed monthly but totals in even month cycle only.

Closed accounts are included with billing cycle regardless of route

Construction water use varies from year to year and is billed very month (route 40) and counted with even month cycle only

Water sales have increased in FY2015/16 due to annexation of the Improvement District Goat Mountain with 650 accounts.

Total Production varies from Consumption due to bi-monthly billing cycle and monthly production measurements.

<u>Notes:</u> "Basic Rate" is monthly fixed basic service charge regardless of water consumption.

"Consumption" is rate imposed per 100 cubic feet metered Agency bills.

Basic Service Charge and Consumption Rate changes are subject to California Constitution limitations (aka: Proposition 218).

* ID Goat Mountain annexed to BDVWA on July 1, 2015 with same rate structure as BDVWA.

Tier structure from 2013-2015 based on prior system conditions (T1 0-14 HCF, T2 14-80 HCF; T3 >80 HCF)

** HCF = 100 cubic feet of water or 1 billing unit.

Construction rates were same as Accounts 30-33 until modified in FY2014/15.

Rate increase effective 06/30/2021 billing on Route 07-11 and 35, 36, and 40. Initiated 07/30/2021 on Routes 01-06 and 30-34

**Schedule 10** 

#### Notes:

- (1) Population was recalibrated back in 2010 for the FY2013/14 CAFR based on analysis by Stanley Hoffman & Assoc. as part of an economic review for the Agency. In the future, population will be obtained from the Agency Appropriations Limit Worksheet.
- (2) Only County data is updated annually. Therefore, the District has chose to use its data since the District believes that the County data is representative of the conditions and experience of the District.
- * On July 1, 2015 the Agency annexed a neighboring water agency and population increased accordingly.

# Report on Internal Controls and

rnal included the second secon

Page 94 of 143

Working Draft Subject to Review

#### Independent Auditor's Report on Internal Controls Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors Bighorn Desert View Water Agency Yucca Valley, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Bighorn Desert View Water Agency (Agency) as of and for the fiscal year ended June 30, 2023, and the related notes to the financial statements, which collectively comprises the Agency's basic financial statements, and have issued our report thereon dated November 14, 2023.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Agency's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Agency's internal control. Accordingly, we do not express an opinion on the effectiveness of the Agency's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Agency's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Page 96 of 143

#### Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, continued

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

### BIGHORN-DESERT VIEW WATER AGENCY AGENDA ITEM SUBMITTAL

Meeting Date: November 14, 2023

To: Board of Directors

From: Marina D. West

**Budgeted:** Developer Paid Cost **Budgeted Amount:** N/A – Meter sales are driven by Customer demand **Cost:** See Text of Resolution **General Counsel Approval:** Obtained

**CEQA Compliance:** N/A

Subject:Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee)for Water Meters Size ¾-inch to 10-inch

#### SUMMARY

The Agency contracted with NBS Government Finance to complete a Capacity Fee Study Report with said final report received by the Board of Directors in February 2021. Thereafter, the Basic Facilities Charge (Water Capital Fee) proposed therein, based on meter size, was formally adopted via Resolution 21R-10 on May 11, 2021.

The adopted Capacity Fee Study Report outlines the procedure for annually increasing this fee as follows:

Annually, the Agency should review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation.

The adoption of a Basic Facilities Charge (Water Capital Fee) is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on October 6, 2023, posted and distributed via email, draft Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption. The Board also discussed the draft Resolution in open session at the October 10, 2023 Board of Directors' Regular meeting and received zero public comments.

Staff is recommending that the Resolution be adopted in accordance with the Table of Charges proposed.

#### RECOMMENDATION

That the Board consider taking the following action(s):

1. Adopt Resolution No. 23R-18 Modifying Basic Facilities Charge (Water Capital Fee) for Water Meter Size Ranges ¾-inch to 10-inch.

### **BACKGROUND/ANALYSIS**

The Agency contracted with NBS Government Finance to complete a Capacity Fee Study Report. The final report was completed and received by the Board of Directors in February 2021. Thereafter, the Basic Facilities Charge (Water Capital Fee) proposed therein, based on meter size, was adopted by Resolution No 21R-10 on May 11, 2021. Prior to this study there was no fee set for meter sizes greater than 1-inch.

The adopted Capacity Fee Study Report outlines the procedure for annually increasing this fee as follows:

Annually, the Agency should review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation.

The Engineering News Record (ENR) provides the Construction Cost Indices changes per month over time. The Agency's consultant, NBS, informed staff that the annual review would be informed by the 5-year average for the month of August since that was the timeframe for the first annual adjustment in 2022. Staff calculated the new 5-year average for August to be 3.56% from the Indices published by ENR. Table 1 in the draft Resolution reflects this proposed increase across all meters size ranges.

The adoption of a Basic Facilities Charge (Water Capacity Fee) is governed by the Mitigation Fee Act (CA Govt. Code Sec. 66000 et seq.). In accordance with this Act, the Agency, on October 6, 2023 posted and distributed via email, draft Resolution No. 23R-18 Modifying Basic Facilities Charge (Water Capital Fee) for Water Meters Sizes ¾-inch to 10-inch at least 14-days prior to the Board's consideration for adoption. The Board also discussed the draft Resolution in open session at the October 10, 2023 Board of Directors' Regular meeting and received zero public comments.

Staff is recommending that the Board adopt Resolution No. 23R-18 Setting the Service Line Installation Fee for Water Meter Size Ranges from 3/4-inch to 10-inch.

#### **PRIOR RELEVANT BOARD ACTION(S)**

**10/10/2023 Motion No. M23-037** agendize for the November 14, 2023 Regular Board of Directors' Meeting to adopt Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Size Ranges ¾-inch to 10-inch.

**5/11/2021 Motion No. 21-027** Motion to adopt Resolution No. 21R-10 rescinding Resolution No. 21R-01 and adopting BFC for water meter size  $\frac{3}{4}$ " to 10".

**2/09/2021 Motion No. M21-016** Receive and file BDVWA Final Capacity Fee Study Report dated February 3, 2021 and BDVWA Capacity Fee Appendix.

## Page 99 of 143

### **RESOLUTION NO. 23R-18**

## A RESOLUTION OF THE BOARD OF DIRECTORS OF THE BIGHORN-DESERT VIEW WATER AGENCY ADOPTING AN INCREASED BASIC FACILITIES CHARGE (WATER CAPITAL FEE) FOR WATER METERS SIZE 3/4-INCH TO 10-INCH

**WHEREAS,** Bighorn-Desert View Water Agency ("Agency") is required by law to fix and establish rates, fees and charges which will enable the Agency to cover its debt service payments, operate and maintain its water system, provide for repairs and depreciation, and a reasonable surplus for improvements; and

WHEREAS, under California Government Code Section 66000 et seq., the Agency is authorized to adopt water and sewer connection fees; and

WHEREAS, California Government Code Section 66013(a) states that "[n]otwithstanding any other provision of law, when a local agency imposes fees for water connections or sewer connections, or imposes capacity charges, those fees or charges shall not exceed the estimated reasonable cost of providing the service for which the fee or charge is imposed ..."; and

WHEREAS, new customers desiring to connect to the existing system should be responsible for paying an amount equivalent to their proportionate share of those existing water system facilities development costs which support and are necessary for the new customer to receive service; and

WHEREAS, on April 28, 2020 the Board of Directors authorized completion of a *Rate and Capacity Fee Study* by an outside financial consulting firm, NBS Government Finance, who has developed a long-term financial model for development of the Capacity Fee or Basic Facilities Charge for new water meters with sizes ranging from ¾-inch to 10-inch based on the value of existing assets and an assessment of future infrastructure needed for the entire distribution system; and

WHEREAS, The Agency determined to use an analysis based on the "Combination Approach" ^[1] which requires new customers to pay their fair share of existing system assets and planned assets that have capacity to serve new customers. In their simplest form, capital impact fees are calculated by dividing the costs of infrastructure allocated to future development by the number of units of new development anticipated, further defined as follows:

Page 1 of 4 Resolution No. 23R-18 November 14, 2023

## Page 100 of 143

- The cost of existing assets and planned assets that have capacity to serve new development are those that can reasonably be allocated to future development.
- The number of new units (i.e., growth) are those units projected to occur within the timeframe covered by the capital impact fee analysis.

^[1] Method of calculating capital impact fees (also known as System Development Fees, Connection Fees, Capacity Fees) are set forth in the American Water Works Association's *Principles of Water Rates, Fees and Charges* Seventh Edition (2017) pages 311 to 347.

WHEREAS, based on the Replacement Cost model calculations a Final Capacity Fee Study Report was presented to Finance Committee on November 19, 2020 and the full Board of Directors on January 12, 2021. The Final Capacity Fee Study was adopted by the Board of Directors on February 9, 2021.

**WHEREAS,** on October 11, 2022, Resolution 22R-17 establishing the new Water Capital Capacity Fees, based on meter size; and

**WHEREAS**, the Final Capacity Fee Study Report directs the Agency to "annually review the Engineering News Record's Construction Cost Indices and calculate the percentage change in construction costs and apply that change to the capacity fees to ensure they keep pace with cost inflation"; and

**WHEREAS**, from the Engineering News Record's Construction Cost Indices, the current annualized 5-year average for August of 3.56% is considered the appropriate percentage to apply and based on meter size is as shown in Table 1 and made part of this resolution,

Page 2 of 4 Resolution No. 23R-18 November 14, 2023

## Page 101 of 143

	Equivaler	Capacity

4 inch	500	10.00	\$151,625	
6 inch	1,000	20.00	\$303,101	
8 inch	2,800	56.00	\$849,101	
10 inch	4,200	84.00	\$1,273,650	

## TABLE 1 - WATER CAPITAL FACILITY FEE BASED ON METER SIZE

1. Source: AWWA M1, Table B-2. Assumes displacement meters for 3/4" through 2", Compound Class I for 3" through 6" and Turbine Class II for 8" through 10".

#### ; and

WHEREAS, the revenue raised by the increased connection fees will also be used to purchase supplemental water supplies for the Agency and will not exceed the estimated reasonable cost of obtaining such resources and providing the services for which the fees are levied; and

WHEREAS, the establishment, modification, structuring, restructuring, and approval of rates and fees is exempt from the requirements of the California Environmental Quality Act as provided by California Public Resources Code Section 21080(b)(8); and

WHEREAS, the amount of the fees and charges hereby adopted do not exceed the reasonable anticipated costs for the corresponding services provided by the Agency, and therefore the fees imposed hereby to not qualify as "special taxes" under Government Code Section 50076, and the actions taken herein are exempt from the additional notice and public meeting requirements of the Brown Act pursuant to Government Code Section 54954.6(a)(1)(A) and (B); and

WHEREAS, the fees and charges set forth herein are not levied upon any person as an incident of property ownership, and thus are not subject to the substantive and procedural prerequisites of Article XIIID of the California Constitution.

Page 3 of 4 Resolution No. 23R-18 November 14, 2023

## Page 102 of 143

**NOW, THEREFORE, BE IT RESOLVED** by the Board of Directors of the Bighorn-Desert View Water Agency, after conducting a public hearing duly noticed pursuant to California Government Code Section 66016, that the public interest and necessity as described in the oral and written testimony and evidence presented during the public hearing on this matter, all of which are incorporated herein by this reference, requires the Board of Directors of the Agency to increase the Water Capital Facility Fee (Basic Facilities Charge) based on meter size be charged by the Agency as shown in Table 1.

**BE IT FURTHER RESOLVED,** the new BASIC FACILITIES CHARGES (otherwise referred to as the "Water Capital Facility Fee") are hereby adopted in the amounts calculated and presented in foregoing Table 1 of this Resolution and shall be based on meter size required and shall be applicable to all new service line installations to parcels within 700 feet of a mainline* (not including bulk accounts), subject to further action by the Board of the Agency. (**the definition of the mainline per Agency Rules and Regulations for Water Service is "pipelines located in highways, streets, alleys, easements, and right of ways, which are used for the transmission and distribution of water)*, and

**BE IT FURTHER RESOLVED**, that such new BASIC FACILITIES CHARGES shall go into effect sixty (60) days from the date this Resolution is adopted as shown below and, thereafter, this Resolution shall supersede any and all prior resolutions inconsistent with the terms hereof.

**BE IT FURTHER RESOLVED**, that the General Manager and staff of the Agency are hereby authorized and directed to do such things and to take such actions as may be reasonably required to carry out the purpose and intent of this Resolution and as otherwise required in order to comply with applicable law.

**PASSED, APPROVED, AND ADOPTED** by the Board of Directors of Bighorn-Desert View Water Agency this 14th day of November 2023.

Ву __

John Burkhart, President of the Board

ATTEST,

Megan Close-Dees, Board Secretary

### BIGHORN DESERT VIEW WATER AGENCY AGENDA ITEM SUBMITTAL

Meeting Date: November 14, 2023

To: Board of Directors

From: Rosa Carrick

Budgeted: No Budgeted Amount: N/A General Counsel Approval: N/A CEQA Compliance: N/A

Subject: Authorize Upgrade of Springbrook Utility Billing Software from Version 7.16.0 to Version 7.18.0 at an Estimated Cost of \$17,600 and \$5,000 for Any Necessary Operating Software Upgrades

#### SUMMARY

The Agency must upgrade our accounting and utility billing software known as "Springbrook" to Version 7.18.0 in order for the Cash Receipt and Utility Billing modules to support the Agency's two bank accounts. Pacific Western Bank for cash, physical checks and the "lockbox" for mailed payments and Five Star Bank for on-line credit card and ACH payments. The current software version 7.16.0 only allows one bank account to be used for all payment transactions. This upgrade will also provide other beneficial features for the Agency.

In addition, the server which hosts the Springbrook software may require upgrades to both Windows Server(from 2012 to 2016 version) and SQL Server (from 2012 to 2017 version). These upgrades, if needed, are estimated at \$5,000.

#### RECOMMENDATION

That the Board considers taking the following action(s):

- 1. Authorize the General Manager to execute contract with Springbrook Holding Company, LLC to upgrade to version 7.18.0 for an estimated cost of \$17,600; and
- 2. Authorize a budget adjustment of \$5,000 for any software upgrades necessary on the Agency's server to accommodate the proper operation of Springbrook Version 7.18.0.

#### BACKGROUND/ANALYSIS

The Agency now has two bank accounts, Pacific Western Bank and Five Star Bank. The Agency must upgrade the accounting and utility billing software known as "Springbrook" in order to properly integrate the two bank accounts into the "Utility Billing" and "Cash Receipts" software modules. The current version of Springbrook cannot differentiate which payment goes to what bank in the "General Ledger" module because it only allows for one bank to be identified. Staff currently has to manually move the daily credit card payments, payment reversals for credit cards, and automatic clearinghouse from Pacific Western Bank to Five Star Bank via a journal entry process. However, Springbrook has improved the system to now be able to direct which bank account ledger goes to a certain type of payment (Example: Cash, Check, Electronic Transmission payments go to Pacific Western Bank and Automatic Clearing House

## Page 104 of 143

[ACH] and Credit Card payments go to Five Star Bank), this will eliminate the journal entries. This upgrade will also provide other beneficial features for the Agency, here are a few:

- Cash Receipt payments will now inform staff, via "pop-up alert", if a payment is processed on a deleted account.
- Staff will be able to recognize if a customer is currently set-up for recurring payments through the Agency's on-line portal.
- Ability to create a new type of bill or remove one, in one batch process instead of having to go into each individual account.
- The "Outstanding Invoices" report in the "Accounts Payable" module now includes voided invoices with the void date.
- Payroll ACH will now automatically post to the "Bank Reconciliation" module.

The estimated cost of \$17,600 is based on up to 80-hours of professional services and should be sufficient to complete the upgrade. However, the bid is based on actual time spent by the software engineer on the upgrade so there could be an unforeseen situation causing additional resource time to complete the upgrade.

Our IT consultant, Pat Grady, has indicated that the Springbrook Version 7.18.00 may require a software upgrade on the Agency server from Windows Server 2012 to 2016 version and SQL Server from 2012 to 2017 version. At the time of agenda publication, the question as to whether they are required or recommended had not been resolved, therefore, if indeed required, the server software upgrades are estimated to cost \$5,000.

Staff is recommending the Board adopt the recommendations to allow the upgrade to Springbrook Version 7.18.00 and any necessary software upgrades to the Agency's server to accommodate Springbrook.

## PRIOR RELEVANT BOARD ACTION(S)

**8/26/2014 Motion No. M14-044** Authorize a total project contingency of \$12,500 for unforeseen professional services or software application adjustments identified during the period of conversion as well as any miscellaneous appurtenant hardware and labor services identified during installation.

**8/26/2014 Motion No. M14-043** Motion to authorize General Manager to purchase and install hardware and peripheral equipment to accommodate Springbrook Software as well as centralized employee file sharing in an amount not to exceed \$13,313.

**8/26/2014 Motion No. M14-042** Motion to direct staff on preferred payment option through Springbrook of 100% of Premise costs (\$61,250) in FY2014/15 with funding for Professional Services (\$43,400) deferred to FY2015/16.

**8/26/2014 Motion No. M14-041** Motion to authorize General Manager to execute contract with Springbrook Software, Inc. for 4-Year Cost of Ownership Premise License and first four years of software maintenance in the amount of \$159,993.

## Page 105 of 143

## BIGHORN-DESERT VIEW WATER AGENCY AGENDA ITEM SUBMITTAL

Meeting Date: November 14, 2023

To: Board of Directors

From: Marina D. West

Budgeted: N/A Budgeted Amount: N/A Cost: N/A General Counsel Approval: N/A

**CEQA Compliance:** N/A

# Subject: Dissolve Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure"

#### SUMMARY

Staff recommends the Board accept the following final report along with any additional verbal reports offered by the Ad Hoc Committee members and to dissolve the Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure".

#### RECOMMENDATION

That the Board considers taking the following action(s):

1. Accept final report and dissolve the Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure".

#### BACKGROUND/ANALYSIS

In November 2022, the Finance/Personnel (FPREP) Standing Committee discussed the Agency's Organizational Chart, (then) current vacancies and future staffing needs. From that meeting, the full Board of Directors' had a discussion, without action, on the formation of an Ad Hoc Committee to develop a "Management Succession Plan and Organizational Structure" to prepare for the retirement of the current general manager projected for late 2025.

In January 2023, an Ad Hoc Committee was formed and in April 2023 presented the Board with a succession plan which included the development of an Assistant General Manager position. In June 2023, the Board adopted a new Organizational Structure, which included one new position of Assistant General Manager and reclassification of one Water Distribution Operator to Water Distribution Supervisor. A Range and Step Scale and budget adjustment were also approved.

Recruitment of the Assistant General Manager commenced and following review of nine final candidates, four were selected for interviews with the Ad Hoc Committee members, Chair Dicht and Director McKenzie as well as the general manager and recruiting consultant, Tamara Alaniz.

## Page 106 of 143

Following unanimous decision by the Ad Hoc Committee and general manager, Mr. Daniel Best, was offered and has accepted the position of Assistant General Manager with the Agency. Mr. Best will transition to the Agency in late November 2023 ahead of the projected start date of January 1, 2024.

During the next year, Mr. Best, will be mentored by general manager West to then assume the position of general manger. At that time, general manager West would move laterally to a position of "project manager" and focus the remainder of her career with the Agency on execution of the various grants the Agency has successfully obtained. From the position of Project Manager, Ms. West is expected to retire in late 2025 but no later than early 2026 when the last grant is expected to be completed.

Staff recommends the Board accept this report along with any additional verbal reports offered by the Ad Hoc Committee members and to dissolve the Ad Hoc Committee Formed to develop a "Management Succession Plan and Associated Organizational Structure".

## PRIOR RELEVANT BOARD ACTION(S)

**6/27/2023 Motion No. 23-020** Motion to Authorizing and Amending Appendix D - Agency Organizational Chart adding Assistant General Manager and Water Distribution Supervisor and removing part-time Grant Manager incorporated by reference to the Employee Handbook effectively increasing staff count by one (1) position, Assistant General Manager; and affirming total authorized full-time employee count of nine (9); and Authorizing and Amending Appendix B Job Descriptions to add Assistant General Manager and Water Distribution Supervisor and to Update Existing Classifications for the Water Distribution Operator Series and Accounting Technician/Customer Service Representative Series which are incorporated by reference to the Employee Handbook; and Adopt Resolution No. 23R-11 Authorizing and Amending Appendix C – Range and Step Scale incorporated by reference to the Employee Handbook; and Authorize adjustment to Fiscal Year 2023/24 Budget Line Item 01-01-560030 of \$140,000 commensurate with the Top of Range for Assistant General Manager position.

#### BIGHORN-DESERT VIEW WATER AGENCY AGENDA ITEM SUBMITTAL

Meeting Date: November 14, 2023

To: Board of Directors

From: Marina D. West

Budgeted: Funded thru SWRCB PI/C Grant
Agreement No. D2102065/ Proj. No.
3610009-002C
Cost: \$20,000
General Counsel Approval: Required on
Professional Services Agreement
CEQA Compliance: Notice of Determination
filed May 2021 (SCH No. 2021020354)

## Subject: Authorize Issuance of Professional Services Agreement to Landstedt Consulting for Pipeline Improvement and Consolidation Project Grant Administration Support Services for \$20,000.

#### SUMMARY

The Agency was awarded an \$11M construction grant to advance pipeline improvements envisioned in the Agency Preliminary Engineering Report (PER) completed in October 2021.

Staff is seeking support for the administration of this grant and is requesting authorization to issue a Professional Services Agreement with Landstedt Consulting in the amount of \$20,000. Landstedt Consulting would bill at an hourly rate of \$195 for requested assistance in completing quarterly reports and other advice as needed.

#### RECOMMENDATION

That the Board consider taking the following action(s):

1. Authorize issuance of Professional Services Agreement to Landstedt Consulting for the not to exceed amount of \$20,000.

#### BACKGROUND/ANALYSIS

The Agency was awarded an \$11M construction grant to advance pipeline improvements envisioned in the Agency Preliminary Engineering Report (PER) completed in October 2021.

Staff is seeking support for the administration of this grant and has had excellent support service from Ms. Denise Landstedt, Landstedt Consulting, on the Meter Replacement Grant currently being implemented. Ms. Landstedt's services to the Agency are based on an overall contract for grant administration managed by Coachella Valley Water District (CVWD). In other words, the meter replacement grant is part of a larger Proposition 1 grant award and these services are provided for in the overall grant package such that the Agency is not contracting directly with Landstedt Consulting but services provided to the Agency are billed to the grant administration under contract with CVWD.

Due to the established working relationship with Landstedt Consulting, staff would like the ability to consult, on an as-needed basis, especially in the early stages of the grant execution to assist with development of report structure, budget monitoring and approach to change requests to the grantor, State Water Resources Control Board (SWRCB).

Ms. Landstedt has advised that the effort to complete quarterly reports averages 10-15 hours per quarter at an hourly rate of \$195. Therefore, a contract amount of \$20,000 is sufficient to carry the Agency through approximately 7 to 10 quarters or the first two years of the grant.

Staff brought this item to the Planning/Engineering Committee meeting on September 19, 2023 with the Committee moving the item to the full Board of Directors. Staff is therefore recommending the Board authorize issuance of a Professional Services Agreement with Landstedt Consulting in the amount of \$20,000 which is reimbursable through the grant itself.

## PRIOR RELEVANT BOARD ACTION(S)

**2/14/2023 Motion No. 23-006** Adopt Resolution No. 23R-03 Authorize execution of \$11,000,000 Funding Agreement No. D2102065 with the State Water Resources Control Board for the Purpose of the Potable Water Supply Systems Improvements Consolidation of Water Systems Project No. 3610009-002C.

### **BIGHORN-DESERT VIEW WATER AGENCY**

"To provide a high quality supply of water and reliable service to all customers at a fair and reasonable rate."

## BOARD OF DIRECTORS' MEETING MINUTES

BOARD MEETING OFFICE 1720 N. CHEROKEE TR. LANDERS, CALIFORNIA 92285 October 10, 2023 Time – 6:00 P.M.

MEETING ROOM IS OPEN FOR IN-PERSON ATTENDANCE PUBLIC WISHING TO PARTICIPATE REMOTELY Please click the link below to join the webinar: <u>https://us02web.zoom.us/j/88584888395?pwd=UFo4MmltWms1RlhqOTNkSS9lVnpxZz09</u> Passcode: 965050 OR

TELECONFERENCE LINE THRU ZOOM

1-669-900-6833

Webinar ID: 885 8488 8395 Passcode: 965050

**CALL TO ORDER** President Burkhart called the meeting to order at 6:03 pm.

#### PLEDGE OF ALLEGIANCE

Led by John Burkhart.

#### ROLL CALL

Directors present: John R. Burkhart JoMarie McKenzie Megan Close-Dees Craig Dicht David Chapman

Staff present: Marina West

Public Present: Following Roll Call, 2 member(s) of the Monument ROW team participating via teleconference. 2 members of the public were present in the meeting room.

#### **APPROVAL OF AGENDA**

Director McKenzie made a motion to approve the agenda as presented. Director Close-Dees seconded the motion. Unanimously approved.

#### **Discussion and Action Items -**

1. Authorize Issuance of Professional Services Agreement to Monument Right-of-Way for Pipeline Improvement and Consolidation Project Right-of-Way Acquisition Services for an estimated cost of \$458,075.

GM West gave the staff report as presented in the Agenda packet as well as a brief PowerPoint presentation. Afterwards, GM West asked the Monument Right-of-Way team to introduce themselves to the Board of Directors.

Mr. Mendoza and Ms. Borbe introduced themselves as the project team assigned to this project as well as the plan for successful acquisition of the necessary properties.

Director Burkhart asked questions of the Monument team regarding how valuation is achieved and "unresponsive" owners. Ms. Borbe summarized how the process of "waiver valuation" is used under the Uniform Act for ROW valued less than \$10,000. As to the "unresponsive" owner, she responded with some of the various mechanisms they use to find them. Mr. Mendoza also provided input to the issue noting that Monument has resources throughout the state and subscriptions to services where they can be found. Director Chapman further inquired about the owner that refuses to accept the offer and how that is handled. Mr. Mendoza noted that Nossaman has been retained as legal advisor/counsel to this project should the Agency have to pursue a "taking". Director McKenzie further inquired about eminent domain for "unresponsive" owners. Mr. Mendoza further discussed some of the tools that can be used prior to full eminent domain proceedings. Director Dicht inquired about the process of presenting an offer to the owner. Ms. Borbe responded that they develop a standard format proposal which has been successful on other projects. Director Dicht inquired further about the "check in hand" process. Ms. Borbe answered that the initial offer is that which was developed before approaching the property owners and that the Board of Directors will be approving such prior to circulation. Director Dicht further inquired on how the cost proposal was developed. Mr. Mendoza responded on the regulations and guidelines that must be followed in order to acquire rights-of-way. Knowing the tasks at hand, Monument ROW, developed their cost proposal based on work hours predicted to complete each type of private property transaction.

Public comment: None.

#### Motion No. 23-036

Director Chapman made a motion to authorize issuance of Professional Service Agreement to Monument Right-of-Way for the Pipeline Improvement and Consolidation Project Right-of-Way Acquisition Services at an initial contract cost of \$458,075. Director Dicht seconded the motion.

McKenzie	Y

October 10, 2023 Board of Directors Meeting Agenda Approved November 14, 2023 Page 2 of 5 Close-Dees Y Dicht Y David Chapman Y MSC¹ (Chapman/Dicht) unanimously approved.

2. Review Draft Resolution No. 23R-18 Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Sizes 3/4 –inch to 10-inch GM West gave the staff report as presented in the Agenda packet.

Directors asked questions about the resolution, use of the funds generated from the fee and more specifically the difference between Basic Facilities Charge and the Service Line Installation charge. GM West answered the questions of the Board of Directors stating that the wording of the resolution has been modified for clarification and the Agency does not segregate the BFC fees because there is no policy to do so. She noted that several auditors have asked and she had been advised that it is an Agency policy that would direct usage of those funds. Lastly, she explained the BFC is for "buying-in" to the existing system infrastructure and is separate from the Service Line Installation fee which is authorized under a separate resolution.

Public comment: None.

#### Motion No. 23-037

Director Chapman made a motion to agendize for the November 14, 2023 Regular Board of Directors' Meeting to adopt Resolution No. 23R-XX Adopting an Increased Basic Facilities Charge (Water Capital Fee) for Water Meter Size Ranges ¾-inch to 10-inch. Director Dicht seconded the motion.

# **FREE WORKSHOP**

Board members/trustees, staff, and others welcome!

California Special Districts Association Districts Stronger Together

### SAN BERNARDINO COUNTY INTRODUCTION TO SPECIAL DISTRICT FINANCES FOR BOARD MEMBERS

Friday, November 17, 2023 9:00 - 11:00 a.m. Mojave Water Agency 13846 Conference Center Drive Apple Valley, CA 92307

Instructor: Cindy Byerrum, CPA, CSDM

**Sponsored by Local Agency Formation Commission (LAFCO) for San Bernardino County**, this fast-paced and informative session covers all of financial basics that board members need to know to serve their district. Attendees will get the information they need to begin to assess the overall financial health of their district and steps needed to make positive changes.

#### SCHEDULE:

8:30 - 9:00 a.m.	Registration
9:00 - 11:00 a.m.	Workshop

#### **REGISTRATION FORM (NO CHARGE)**

Name:			
Title:			
District:			
Address:			
City:	State:	Zip:	
Phone:	Email:		

#### Mail or fax completed form to:

CSDA,1112 | Street, Suite 200 , Sacramento, CA 95814 • fax: 916.520.2465

Register also at: www.csda.net Workshop: Introduction to Special District Finances

**Questions?** Please contact us toll-free at 877.924.2732. Page 138 of 143

**CALL TO ORDER** Chairman Burkhart called the meeting to order at 9:35am.

PLEDGE OF ALLEGIANCE

Led by John Burkhart.

#### ROLL CALL

Directors Present: Chair Burkhart Director Close-Dees

Staff Present: Marina West

Public Present: At the start of the meeting, 1 member(s) of the public indicated they were participating via teleconference. 0 members of the public were present in the meeting room. 0 member(s) of the Board was present in the meeting room as an observer only.

August 16, 2023 PLEGs Committee SPECIAL Meeting Agenda Approved October 17, 2023 Page 1 of 5

#### **APPROVAL OF AGENDA**

GM West asked that Item 7b Grant Status Report August 7, 2023 be removed from the Agenda. The Committee approved the Agenda as requested.

#### **Discussion and Action Items -**

#### 1. Status Report of Activities of the Community Water Systems Alliance

GM West gave the staff report noting that the subjects that CWSA is focused on are Chromium-6, SB 3 (Dodd) and the subject of "Urban Water Use Efficiency" (AB1668/SB606).

The SB 3 bill has been amended to include provisions that affect the Agency application of SB 998. Under the current law, payment plan approval can be conditioned on three factors: "serious threat to life or health and safety of a resident, severe financial hardship plus a willingness to enter a arrangement (ie. Payment Plan). This bill also gives the CA Attorney General power's to order the restoration of water service shutoff prematurely and to order the return of funds that may have been applied prematurely.

Regarding Cr-6, she reported on CWSA's efforts to review the proposed standard from an economic feasibility perspective. A consultant, One Water Econ, was hired using funds raised by CWSA. The consultant discovered that the state had underreported the cost to communities by a factor of 12. Their calculations provided a result for one month and they failed to multiply that by 12-months per year. Thankfully, the Agency does not have elevated Cr-6.

The other issue being followed is the Urban Water Use Efficiency Standards. A workshop on the proposed regulation is being held at the State Water Resources Control Board on August 16, 2023. Based on focused analysis of landscapes within the Santa Margarita Water District, the CWSA has concerns about the feasibility of achieving the imposed standards. SMWD is concerned about the costs and that the outdoor landscape water efficiency standards proposed are barely achievable in the very best circumstances. BDVWA as a Small Water System, is exempt from the standard but the Agency tried to participate in the exercise of evaluating our current status. The state did not acquire the base data, aerial mapping of outdoor irrigable lands, to even begin an analysis.

The Committee made comments and GM West answered questions.

Public Comment: None.

2. Status Report Goat Mountain Replacement Well (Prop. 1/ Rnd. 1 Grant)

The Notice to Proceed was issued effective today, August 16, 2023. The contractor has indicated they may begin mobilization as early as today. Actual drilling is currently scheduled to begin Monday, August 28, 2023. The target drill depth is 600 feet.

Public Comment: None.

#### 3. Status Report Water Meter Replacement Program (Drought Grant)

The Purchase Orders approved by the Board in July and August have been issued. Staff will begin gearing up to install the meters over the next year or so. As part of this project, staff will inventory the customer-side of the service line, at the meter, as part of the unfunded mandate to inventory all customer-side service line materials. The requirement is to inspect at the meter and at the inlet to the home. Staff is picking away at the requirement over time. As to the point of entry into the home, a contractor will need to be hired to inventory those as the Agency does not have the resources nor the desire to enter onto private property for such inspections. The idea is perhaps our backflow contractor could do these surveys.

The Committee made comments and GM West answered questions.

Mr. Best commented on the new regulations and believes the home owner may "opt out" of the program. In his Agency he is replacing meters and inventory of the customer-side.

Public Comment: None.

4. Status Report System Interconnection at Winters & Rainbow Road (Prop. 1/Rnd 2 Grant) There is no new information to report other than right of way needs for this project are being evaluated with the right of way needs of the PI/C Project. Staff remains optimistic that an arrangement with Hi-Desert Water District could be made to utilize their pipeline crew to install this alignment.

The Committee made comments and GM West answered questions.

Public Comment: None.

5. Status Report Potable Water Systems Improvements Consolidation of Water Systems (\$11M PI/C Project Grant)

GM West reported that three responses were received to the Request for Proposals for acquisition of easements. GM West assembled a team of reviewers including staff from Mojave Water Agency and Santa Margarita Water District. The proposals were scored against several criteria before evaluating their cost proposal. The cost proposals were significantly higher than expected, one being about twice as high as the other. Both are significantly higher than the budget projected.

During this period of time, GM West was also able to confirm that, indeed, survey work had been completed by NV5 during the planning phase. This was one element of the proposals that appeared to be redundant as staff has had difficulty understanding what products from the planning grant are available for use in subsequent phases. It was also thought that the consultants, perhaps, did not do any due diligence to discover the lots have the governmentpatented easement for utilities, making the entire process of obtaining deeds simpler. For instance, it is unlikely eminent domain would need to be exercised on these rights of way since they are reserved already. The next step was for the Agency to create a presentation outlining what we thought the project really was and allow the two consultants to review their costs and break their cost proposals into Phases. While working on this presentation, GM West decided to reach out to the County of San Bernardino asking what authority they had to issue permits for installation of water lines in the developed roadways. GM West was informed that "on roads where a patent reservation exists as well as those that are County maintained, or Special Districts maintained, an encroachment permit can be applied for from the County." This could potentially simplify the entire right of way process and hopefully reduce the total cost of the process as well.

Staff is meeting with the County of San Bernardino on Monday, August 21st to discuss the processes required to apply for the encroachment permits.

Regarding the BLM land transfer, the last update from Cong. Obernolte's office was that the transfer had been submitted and would be part of pending decisions before the Congress. However, no solid approval date has been communicated.

Public Comment:

Mr. Best asked about the consolidation of the systems.

6. Discuss Alternative Schedule for Future Planning/Legislative/Engineering & Grant Standing Committee Meetings

GM West reported that she has been assigned to the Mojave Water Agency Planning, Resource, Engineering and Operations Standing Committee which just happens to meet on the third Tuesday of the month. This necessitates a change in this regular schedule for this Committee.

GM West inquired of the Committee as to their preference for the meeting date and time. GM West suggested the same third Tuesday at 3pm or 4pm. Another option could be the third Monday in the afternoon, with morning possible but less desired.

Committee and General Manager determined that the third Tuesday of the even months at 4 pm.

Public Comment: None.

#### 7. Consent Items –

- a. PLEGS Committee Meeting Minutes, June 20, 2023.
- **b.** Grant Status Reports August 7, 2023 Removed from agenda

**Recommended Action:** 

August 16, 2023 PLEGs Committee SPECIAL Meeting Agenda Approved October 17, 2023 Page 4 of 5

### Page 143 of 143

Approve as presented (Item a):

Public Comment: None.

Committee approved the Consent Item(s) as presented.

8. Public Comment Period None.

#### 9. Verbal Reports - Including Reports on Courses/Conferences/Meetings

- 1. Committee Members' Comments/Reports None.
- 2. General Manager's Report None.

#### **10. Adjournment**

Chair Burkhart adjourned the meeting at 10:31 am.

Approved by:

John " John Burkhart, Committee Chair
